Welcome to the CalStateTEACH Program!

Dear Candidate,

We are delighted to welcome you to CalStateTEACH, a California State University program that has been designed with you in mind.

CalStateTEACH provides you with the very best preparation while acknowledging the pressures and responsibilities you face. In fact, the program capitalizes on your work experience and builds on it. By integrating your classroom experiences with your self-study, the web-based classroom discussions, the electronic materials, and personal guidance from CSU faculty, you will learn and grow as a teacher. You will likely find that the boundary between “theory” and “practice” will become less distinct as you move through the program.

The **mission** of CalStateTEACH is “Empower and Equip Teacher Candidates to Support Diverse Learners for California’s Future.” Our **vision** is to prepare educators to cultivate learning and ensure equity for all students, regardless of race, ethnicity, language, immigration status, socioeconomics, ability status, sexual identity, gender, gender identity or expression.

As you progress through the program, you will find your knowledge and skills expanding, your ability to analyze your own work sharpening, your decision-making abilities being honed, and your commitment to lifelong learning strengthening. By the conclusion of the program, you will find that your understanding of children—with all their diversity—and your sense of yourself as a moral force within the school have also deepened.

We know there is no greater way to influence student learning than through the efforts of well-prepared and deeply committed teachers. We are pleased to have you as part of our statewide learning community. You have been selected to participate in a program that offers you an innovative path to the teaching credential. We look forward to working with you.

The California State University

Welcome to the California State University (CSU) – the world’s largest comprehensive higher education system in the nation with 23 unique campuses serving more than 474,000 students with 63,000 employees statewide. Each year, the university awards more than 100,000 degrees. CSU graduates now total more than 4 million strong and are serving as leaders in the industries that drive California’s economy, including business, agriculture, entertainment, engineering, teaching, hospitality and healthcare. Learn more at www.calstate.edu.

More than 60-year tradition of excellence

Since 1961, the CSU has provided an affordable, accessible, and high-quality education to four million graduates around the state of California. While each campus is unique based on its curricular specialties, location and campus culture, every CSU is distinguished for the quality of its educational programs. All campuses are fully accredited, provide a high-quality educational program and offer opportunities for students to engage in campus life through the Associated Students, Inc., clubs and service learning. Through leading-edge programs, superior teaching and extensive workforce training opportunities, CSU students graduate with the critical thinking skills, industry knowledge and hands-on experience necessary for employment and career advancement.

Facts

- CSU faculty attract more than \$570 million annually in research and education grants, and contracts by federal, state and regional agencies.
- Today, one of every 20 Americans with a college degree is a CSU graduate.
- 1 in every 10 employees in California is a CSU alumnus.
- The CSU awards 45 percent of the bachelor’s degrees earned in California.
- Almost half of all the nurses in the state earn their degrees from the CSU.
- The CSU awards 95 percent of the hospitality/tourism degrees in the state.
- Nearly half of all the state’s engineers earn their degrees from the CSU.
- The CSU is the leading provider of teacher preparation programs in the state.
- The CSU offers more than 115 fully online degree programs and 96 hybrid degree programs. The CSU offers 3,250 online courses to provide more educational options to students who may prefer an online format to a traditional classroom setting.
- The CSU’s growing online concurrent enrollment program gives students the ability to enroll in courses offered by other campuses in the CSU system.
- Over the past four years, the CSU has issued nearly 50,000 professional development certificates in education, health services, business and technology, leisure and hospitality, manufacturing, international trade and many other industries.
- Nearly half of the CSU’s 462,000 students are engaged in some type of community service, totaling 32 million hours of service annually.
- More than 13,000 students participate in STEM (science, technology engineering and mathematics) service-learning courses.
- For every \$1 that the state invests in the CSU, the university generates \$5.43 for California’s economy.

Governance

The system is governed by the Board of Trustees, most of whom are appointed by the governor and serve with faculty and student representatives. The CSU Chancellor is the chief executive officer, reporting to the Board. The campus presidents serve as the campus-level chief executive officers. The Trustees, Chancellor and presidents develop systemwide educational policy. The presidents, in consultation with the Academic Senate and other campus stakeholder groups, render and implement local policy decisions.

CSU Historical Milestones

The individual California State Colleges were established as a system with a Board of Trustees and a Chancellor in 1960 by the Donahoe Higher Education Act. In 1972, the system was designated as the California State University and Colleges, and in 1982 the system became the California State University (CSU). Today, CSU comprises 23 campuses, including comprehensive and polytechnic universities and, since July 1995, the California Maritime Academy, a specialized campus.

The oldest campus—San José State University—was founded in 1857 and became the first institution of public higher education in California. The newest—CSU Channel Islands—opened in fall 2002, with freshmen arriving in fall 2003.

In 1963, the State Academic Senate was established to act as the official voice of CSU faculty in systemwide matters. Also, the California State College Student Presidents Association—which was later renamed the California State Students Association—was founded to represent each campus student association on issues affecting students.

Through its many decades of existence, CSU has continued to adapt to address societal changes, student needs and workforce trends. While the CSU's core mission has always focused on providing high-quality, affordable bachelor's and master's degree programs, over time the university has added a wide range of services and programs to support student success—from adding health centers and special programs for veterans to building student residential facilities to provide a comprehensive educational experience.

To improve degree completion and accommodate students working full- or part-time, the educational paradigm expanded to give students the ability to complete upper-division and graduate requirements through part-time, late afternoon, and evening study. The university also expanded its programs to include a variety of teaching and school service credential programs, specially designed for working professionals.

The CSU marked another significant educational milestone when it broadened its degree offerings to include doctoral degrees. The CSU independently offers educational doctorate (Ed.D.), Doctor of Physical Therapy (DPT), and Doctor of Nursing Practice (DNP) degree programs. A limited number of other doctoral degrees are offered jointly with the University of California and private institutions in California.

In 2010, in an effort to accommodate community college transfer students, the university, in concert with the California Community Colleges, launched the Associate Degree for Transfer, which guarantees transfer students admission to the CSU with junior status.

Always adapting to changes in technology and societal trends to support student learning and degree completion, the CSU initiated another milestone in 2013, when it launched Cal State Online, a systemwide collection of services that support the delivery of fully online programs from campuses. Now, full-time students also have access to fully online courses offered at other CSU campuses.

By providing an accessible, hands-on education that prepares graduates for career success, the CSU has created a network of alumni that is so extensive and renowned that it spans across the globe. With the graduating class of 2021, the CSU exceeded four million alumni, which included graduates from all CSU campuses.

The CSU strives to continually develop innovative programs, services and opportunities that will give students the tools they need to meet their full potential. With 23 campuses, 462,000 students and 49,000 faculty and staff, the CSU is committed to providing a quality higher education that prepares students to become leaders in the changing workforce.

Program Background and Overview

For the purpose of making the content of this handbook easier to read, the following acronyms will be used. These acronyms are defined in the Glossary.

CalTPA: The CalStateTEACH approved Teaching Performance Assessment

CSET: California Subject Examination for Teachers

CSTP: California Standards for the Teaching Profession

CTC: Commission on Teacher Credentialing

LPA: Literacy Performance Assessment

RICA: Reading Instruction Competence Assessment

TPEs: Teaching Performance Expectations

Program Description

CalStateTEACH, a California State University program, is an alternative online, site-based teacher education program for individuals with a bachelor's degree who wish to obtain a Multiple Subject Teaching Credential. CalStateTEACH is designed for working but not-yet-credentialed teachers, individuals desiring a career change to teaching, and other persons wanting to teach. The CalStateTEACH program utilizes a variety of technologies to provide the knowledge and skills necessary for professional classroom teachers. With a combination of self-study, online support, and personal coaching and support, the CalStateTEACH candidate earns a Multiple Subject Preliminary Credential.

The program was designed by the faculty and administration of the California State University (CSU) system.

Accreditation

CalStateTEACH is fully accredited by the Commission on Teacher Credentialing (CTC).

Program Curriculum

CalStateTEACH provides skills and knowledge that are appropriately and developmentally sequenced to meet the needs of beginning teachers. Each term has its curriculum which takes candidates through a series of activities designed to develop their pedagogical knowledge, skills, and abilities. The activities which candidates complete during this program were developed to begin with the basics of teaching, then build toward highly complex instructional skills such as planning, teaching, and evaluating in culturally and academically diverse settings. The curriculum provides a structure and sequence to keep candidates on track throughout the CalStateTEACH program.

The curriculum in this program is fully integrated, not divided into separate courses. All program elements are appropriately integrated and sequenced to allow candidates to work with a number of different subject areas simultaneously. In this way, the program mirrors the working life of a beginning teacher who must do everything from the first day on the job. The course activities are designed to be continuous, which is evidenced as one activity builds upon another.

It is important that candidates set aside at least 25-30 hours per week of independent study time for CalStateTEACH. *This is in addition to the time spent in the classroom implementing CalStateTEACH activities.* Although at times candidates will work individually, reading, viewing lessons, writing, planning, or participating online, they will also be expected to collaborate

regularly with Faculty and peers in the CalStateTEACH learning community. Candidates will meet regularly with Faculty and Mentors at their assigned school site. In every term, candidates will work collaboratively with small groups of peers to complete projects.

Many assignments will require classroom implementation both in candidates' assigned classrooms and occasionally in classrooms at a higher or lower grade level, to meet the State of California requirements for a credential. Candidates' time commitment involves continuing in the program with only the standard holiday-related vacations built into the schedule (holidays observed by the CSU and the district in which you are teaching). You will have short breaks between terms. You must be committed to working on a year-round schedule to complete the CalStateTEACH program in three terms, even if you are teaching in a traditional-year classroom. Summer placements are challenging but required to complete the summer term. **The Program cannot always ensure an appropriate Term 3 placement in the summer term. Candidates have the option to "stop out" for the summer term.**

Credit Hour

As of August 7, 2024, federal law (Title 34, Code of Federal Regulations, sections 600.2 and 600.4) requires all accredited institutions to comply with the federal definition of the credit hour. For all CSU degree programs and courses bearing academic credit, the "credit hour" is defined as "the amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that:

1. Reasonably approximates not less than
 - a) One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or
 - b) At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution, including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours."
2. Permits an institution, in determining the amount of work associated with a credit hour, to take into account a variety of delivery methods, measurements of student work, academic calendars, disciplines, and degree levels.

A credit hour is assumed to be a 50-minute period. In courses, in which "seat time" does not apply, a credit hour may be measured by an equivalent amount of work, as demonstrated by student achievement.

Curriculum Sequence

CalStateTEACH is divided into a minimum of three terms that culminate in a preliminary credential and 45 semester units of credit. Each term is 15 weeks long. Each term in the curriculum contains a variety of activities, organized by topics to help candidates demonstrate proficiency in the Teaching Performance Expectations (TPEs), and a Teaching Performance Assessment (TPA). The program also includes two mandatory, Saturday orientations. The following chart summarizes the content for each term.

Term One		Term Two	Term Three
California Standards for the Teaching Profession	Planning	Key Teaching... Introduction to state academic content standards; lesson planning; long and short term planning; child development; culturally responsive teaching; Universal Design for Learning (UDL); English learners (ELs); Students with specific learning needs; Common Core standards	
	Instruction	Subject based lesson planning; California Common Core (CA CCSSM) (math) ELA/ELD framework Emergent Literacy Balanced Literacy Lesson Study Health Framework Physical Education (PE) Framework	Subject based lesson planning History-Social Sciences (HSS) Framework Visual and Performing Arts (VAPA) Framework Educational Technology to support student learning Next Generation Science Standards (NGSS) (science)
	Assessment	Emergent Literacy; Content area reading; math and science specific methods; inquiry model; Co-planning/co-teaching; instruction Self-Advocacy in Health PE instruction	Content area strategies; HSS framework Inductive and deductive
	Management	Basic principles of assessment; the English Language Proficiency Assessments for California, (ELPAC) and Designated and Integrated ELD; Multi-Tiered System of Supports (MTSS)	Subject area assessment TPA Rubric assessment Self-assessment
	Technology	Classroom ecosystem; restorative practices; mandated reporting; bully prevention and intervention; culturally responsive management; social emotional learning (SEL)	Growth Mindset Managing technology Restorative Practices
		Introduction to mobile learning: PICRAT framework of technology integration; social media; collaborative tools; animation; Google Suite	Animation Interactive multi-media poster Digital Literacy Padlet
			Implementation of technology integration with students; teaching "netiquette" to students; roles of digital animation; virtual reality; develop website International Society for Technology in Education (ISTE) Standards

Knowledge Base of CalStateTEACH

California has specific frameworks and guidelines for the teaching of reading and language arts, science, mathematics, history and social sciences, visual and performing arts, and physical education and health. CalStateTEACH based its choices of expectations for mastery of knowledge and skills on a variety of well-established sources, such as the California Standards for the Teaching Profession (CSTP) and the California Academic Content Standards, Common Core Standards, and Curriculum Frameworks from the California Department of Education. The program is designed to ensure that its graduates can teach the academic content required by the state.

In CalStateTEACH studies, candidates encounter the ideas of many theorists and researchers. These include, but are not limited to:

- Twenty-first Century Skills
- Multiple intelligences theory of Howard Gardner
- Theories of second language acquisition advocated by Stephen Krashen, Kenji Hakuta, James Cummins
- Restorative practices, Ted Wachtel, *International Institute for Restorative Practices*
- The developmental theories of Jean Piaget, Erik Erikson and Lev Vygotsky
- The diversity work of Sonia Nieto, Luis Moll, Gloria Ladson-Billings, Geneva Gay, Zaretta Hammond and Sharroky Hollie
- The research on learning of Benjamin Bloom and Norman Webb
- Social emotional learning, *Collaborative for Academic, Social, and Emotional Learning (CASEL)*
- *Growth Mindset*, Carol Dweck

The California K-12 curricular frameworks, the Common Core State Standards, the Next Generation Science Standards and academic content standards for various subject matter areas, and the publications of various professional education organizations also contribute to the knowledge base. Candidates will be required to engage in activities that involve these frameworks, academic content standards and publications.

Necessary Skills, Knowledge, and Attitudes

In order to be an effective teacher in highly diverse communities and schools, candidates need to demonstrate a variety of instructional and management strategies. CalStateTEACH requires that you learn to implement a wide variety of teaching models, including direct instruction, inquiry and concept formation. The Program also requires candidates to apply good management skills in the classroom by:

- Analyzing their own management skills in the classroom
- Making informed decisions about which model is most appropriate for their management style and classroom setting
- While candidates are mastering effective general teaching and learning strategies, they must also acquire subject-specific pedagogical knowledge in:
 - Reading/Language Arts
 - Mathematics
 - Science
 - History/Social Sciences
 - Visual and Performing Arts
 - Physical Education
 - Health

CalStateTEACH expects candidates to develop the attitudes, skills, and knowledge necessary to effectively teach all students and to teach in culturally and linguistically diverse classrooms. Therefore, the competencies necessary to teach English language learners have been integrated into the CalStateTEACH program. Preparation for teaching special population students within the general education classroom is incorporated throughout the program. Of special importance is the knowledge of how children learn and how to apply that knowledge in the classroom.

CalStateTEACH assists candidates in building professional skills. Candidates will look beyond immediate classroom concerns to examine some of the issues that are important in their role as a professional. Ultimately, the program expects that its candidates will make a significant contribution to the profession by improving classroom practices in their own classroom and school site.

Teaching and Learning Methods

Candidates' initiative, organization, and ability to manage time will serve them well in the CalStateTEACH program. The program is designed for mature, professional individuals who are highly motivated to complete their professional preparation.

CalStateTEACH is different from most other university course work in California. The program uses many different resources, including:

- E-texts and online materials
- Participation in online communities with colleagues and faculty
- Personal observation and coaching by faculty member and Site Mentors

Technology plays a key role in the CalStateTEACH program. Candidates will submit work electronically and communicate with faculty and peers. The program provides technology support through the CalStateTEACH Learning Management System (LMS).

Support

While in the CalStateTEACH program, candidates are provided with continuous and supported learning opportunities from a variety of personnel.

All candidates have an assigned faculty for each term. Faculty are responsible for a cohort of students. Faculty not only observe candidates in classrooms and/or virtually, but also provide feedback on and evaluate academic assignments.

Candidates may have different faculty for one or more terms in the program or they may remain with the same faculty throughout the program. In addition, a mentor, an experienced teacher at the assigned school site, will also observe candidates and provide them with feedback on their teaching. The principal/site administrator may also provide formative feedback. Together, faculty, mentors, and the principal/administrator, provide an intensive support network.

Assessment and Evaluation

Evaluation for each term of the program is based upon a combination of the work submitted, substantial community discussion contributions, and demonstrated instructional competency. Faculty and Mentors meet with and observe candidates' teaching and classroom management throughout the term.

Each term, candidates submit evidence of work from activities, modules, and classroom teaching for formative review and to demonstrate achievement on the Teaching Performance Expectations (TPEs). At the end of each module, candidates submit a culminating activity providing evidence towards meeting the module expectation. Faculty evaluate candidates' module work, participation in Google Spaces communities, and clinical experience. Candidates receive a letter grade in academic work and credit or no credit in field experience courses. The letter grade is weighted 70% for module work and 30% for community participation and other program communication. To receive credit for clinical experience, candidates must achieve B level work. Mentors observe and provide feedback, while faculty determine the final grade.

Based on successful completion of the program, passage of the state-mandated Teacher Performance Assessments and the submission of a current CPR certification, candidates are recommended for a Preliminary Multiple Subject Teaching Credential.

Navigating the Program

The following are brief descriptions of the resources candidates use to navigate through the program. The resources listed below are available through CalStateTEACH's portal (<http://www.cst3.net>). Coursework is available through the Canvas LMS platform (<https://calstateteach.instructure.com/>)

Google Spaces

Google Spaces communities will be used by candidates to collaborate on projects and share their classrooms and ideas with each other. Faculty are moderators and members of the Google Space community too.

Program Handbook (CalStateTEACH 3.0 Portal > Library >Teacher Candidate Documents> Program Handbook and Forms)

The *Program Handbook* is updated throughout the program. This handbook provides general information about important CalStateTEACH and CSU policies and procedures.

Calendar

Program dates such as assignments due and holidays are found in the calendar.

Redshelf

This is where candidates will access their eTexts throughout the program.

Observations

You are able to record videos for your clinical experience assignments. Teacher Candidates connect to Canvas and proceed to the Observation course and then on to Assignments.

Grades

Candidates review their grades in the Canvas gradebook.

Announcements

Curricular announcements are posted in Canvas for candidates.

Help

Candidates can submit an email for help.

CalStateTEACH Materials

eTexts and supplementary materials have been selected by the faculty to provide essential foundational knowledge for program activities and to act as valuable resources throughout candidates' teaching career.

Materials Policy

The CalStateTEACH materials fee entitles participants to receive an iPad and eTexts. Redshelf will push the textbook package to the portal on the first day of classes and email a link for password setup. Candidates will receive the iPad beginning the third week of Term 1/1A or as soon thereafter as they have registered, paid fees, and submitted a signed Student Terms of Agreement and Materials Request form to the regional center.

You can only receive a refund of the materials fee if you officially drop from the CalStateTEACH program within 10 business days of the start of Term 1 or 1A. If you drop from Term 1 or Term 1A after 10 business days from the start of the term you will be responsible for paying for the entire cost of the materials.

Addressing Concerns

It is unlikely you will encounter any problems that cannot be solved with the help of your Mentor and Faculty. They are your support team. If you have a concern, even if it seems small to you, contact them right away. Try to work through your concern with open and respectful communication.

If you are unable to solve the problem through your on-site support team and Faculty, you should contact your Regional Director. In the rare case that your problem cannot be resolved at the Regional Center level, the Regional Director will refer it to the Systemwide Director of CalStateTEACH.

In the CalStateTEACH program, you are both a student and a professional. As such, it is your responsibility to take the appropriate initiative when and if you need assistance. Your Faculty and program administrators are here for you and will do everything in their power to resolve any concerns or issues you may have.

Program Design

CalStateTEACH students have three options for enrollment in the program and may move between the options as their employment dictates.

Student Teacher Option

Candidates in the student teaching option are supervised during early field experience in Term One, initial student teaching in Term Two, and full-time student teaching in Term Three.

This option allows candidates who are subject matter qualified, but not employed in a school, and candidates who are not yet subject matter qualified to enter the program. Subject matter qualification can be met by successful passage of the Multiple Subject CSET or university subject matter waiver.

Term One

To enroll as a Fieldwork Participant in Term One, you must have **met the Subject Matter Requirement and met the Basic Skills Requirement**. You will be conditionally admitted into the program, and your work will include:

- Two full days per week in your field setting with an assigned Mentor Teacher.
- Six formal observations by your Faculty member who meets with you and your Mentor Teacher. At least one observation must be of a full lesson for an individual, small group, or whole class of students.

Term 1A/1B

If a candidate is not yet subject matter qualified, you will be conditionally admitted into the program. You must pass all 3 subsets of the *Multiple Subject CSET* or *meet the subject matter requirement with another option before you can be admitted to term 2*. Candidates are required to have met the Basic Skills Requirement.

Candidates are not officially admitted into the program until they have fulfilled the subject matter requirement.

Term Two

To be formally admitted into the program and begin Term Two, you must fulfill the subject matter requirement. This can be met by **passing all three subsets of the multiple subject CSET or by meeting requirements based on college courses taken that meet the requirements with a grade of A or B, or by completing a B.A. degree in Liberal Studies**. In Term Two you are formally admitted to Initial Student Teaching, and your responsibilities are increasingly complex and challenging, including 15 hours or half time each week working/observing in your field setting with an assigned Mentor.

Term Three

In Term Three, candidates begin a minimum ten week, full-time, student teaching placement.

Intern Option

In the intern option, candidates are full-time contracted public school classroom teachers. Candidates in the intern option are supervised in a Multiple Subjects setting by CalStateTEACH faculty and a Mentor throughout the program. Monthly observations are made by the candidate's assigned faculty. The candidate confers regularly with the Mentor.

Intern Credential

Working as an intern in a California public school requires an Intern Credential. Prior to becoming eligible for a CalStateTEACH Intern Credential, all candidates must:

- Must fulfill the subject matter requirement. This can be met by **passing all three subsets of the multiple subject CSET or completion of university subject matter waiver**
- Have completed a U.S. Constitution course or passing examination
- Have an offer of a teaching position in a multiple subject classroom in which the core curriculum (reading and language arts, history and social science, mathematics, and science) is taught to all students. Typically, the teaching position offer is met by teaching in an elementary classroom in a K-6 setting. Middle school instructors teaching the four core curriculum areas mentioned above may also qualify. All other positions will be considered on a case by case basis.
- Complete 160 hours of pre-service professional development coursework.

CalStateTEACH requires that all eligible public school teachers who have successfully met the requirements listed above for an Intern Credential apply for a CalStateTEACH Intern Credential. Intern Credentials are filed through the Regional Center. Your Regional Center will assist you in the Intern Credential application filing process.

Employed Private School Teacher Option

Candidates in the employed private school teacher option are full-time teachers of record. They are supported in their professional growth at their school site by CalStateTEACH faculty and site-based mentors. The majority of their clinical work is done in their school but they are also required to do a 5 week placement in a public school. **They must be enrolled to complete that 25-day requirement.**

Technology Competency Requirement

CalStateTEACH candidates are required to meet a technology competency requirement. Candidates will be able to:

- Use technology as a tool to research, organize, evaluate and communicate information.
- Use digital technologies, aligned with 21st century skills, to access, evaluate and create information.
- Demonstrate an understanding of the ethical/legal issues about the access and use of information technologies.
- Use appropriate educational technology, providing equitable access to all students, to engage all students and support their academic achievement.
- Manage the use of appropriate educational technology in a K-12 classroom, assessing student learning, managing records, and providing feedback to students.
- Practice and teach appropriate computer, network and Internet security procedures.

Candidates meet the requirement by: a) teaching with technology in their clinical placement and b) by submitting a series of tasks that demonstrate educational skills and knowledge.

In Term Two, Initial Student Teaching, candidates are expected to teach a lesson using appropriate technology. In Term Three, Full-Time Student Teaching, candidates are expected to teach a sequence of lessons using appropriate technology. The goal is to engage students in learning and or support their learning with the appropriate educational technology. Candidates can use technology to present content, create content or research content or create learning opportunities for students to discover, practice or create content. This may be a lesson or lessons incorporating centers or small groups or the whole class.

In Term Three, candidates self-select educational technologies for deeper exploration and design opportunities for students in their classroom to use technology to support their learning.

Introduction to the Clinical Experience Sequence

Overview

CalStateTEACH, in collaboration with its school district partners, designs, implements, and regularly evaluates a planned developmental sequence of clinical experiences. In this sequence, candidates have the opportunity to develop and demonstrate the knowledge and skills necessary to educate and support all K-8 students in meeting the state-adopted academic standards.

Coursework and clinical experiences in the CalStateTEACH Program are interrelated, emphasizing first-hand experiences in a variety of fieldwork and student teaching settings from the first week of the program to the last. The integrated design and application-based nature of CalStateTEACH ensures that all candidates plan and practice multiple strategies for managing and delivering instruction from the beginning to the end of the Program.

Each 15-week Term provides extensive opportunities to observe, acquire, and utilize important pedagogical knowledge, skills and abilities, focusing on the Teaching Performance Expectations (TPEs). Throughout the program, candidates are given many opportunities to practice and reflect on the TPEs. Candidates complete required experiences with English learners, special-needs students, and in high poverty schools. The required experiences give our candidates the opportunity to learn strategies that support the achievement of all students.

Placement and Supervision

All candidates regardless of pathway must have a placement in a low socioeconomic, diverse setting, with English Learners and students with special needs.

Candidates are supervised by CalStateTEACH faculty and school-based mentors in classrooms throughout the program.

Candidates in the student teaching option are supervised during early field experience in Term One, initial student teaching in Term Two, and full-time student teaching in Term Three.

CalStateTEACH 3.0 Clinical Hours, Student Teaching Option; Observation Procedure						
Term 1: Early Field Experience	Term 1A: Early Field Experience	Term 1B: Early Field Experience	Term 2: Initial Student Teaching	Term 2 A: Initial Student Teaching	Term 2 B: Initial Student Teaching	Term 3: Full Time Student Teaching
2 days x 6 hours per day = 12 hrs. per week x 15 weeks= 180 hours	2 days x 6 hours per day = 12 hrs. per week x 15 weeks= 180 hours	2 days x 6 hours per day = 12 hrs. per week x 15 weeks= 180 hours	Half time: 5 days x 3 hours per day = 15 hours per week x 15 weeks = 225 hours	Half time: 5 days x 3 hours per day = 15 hours per week x 15 weeks= 225 hours	Half time: 5 days x 3 hours per day = 15 hours per week x 15 weeks= 225 hours	Full time: 5 days x 6 hours per day = 30 hrs. per week x 10 weeks = 300 hours. Four weeks of solo or co-teaching.

In Term Three, student teaching candidates begin a minimum ten week, full-time, student teaching placement. They assume daily responsibility for whole class instruction or co-teaching for a minimum of four weeks. The classroom for full-time student teaching must have more than 15 students except in unusual circumstances such as small and necessary schools

Interns and private school teachers, in addition to their CalStateTEACH faculty supervisor, have an onsite support person, the mentor, who coaches and observes in their classrooms during each term of the program.

In the intern option, candidates are full-time contracted public school classroom teachers supported by the program to draw on their academic assignments and discussions in order to plan and practice multiple strategies for delivering classroom instruction that is aligned with the state-adopted content standards and frameworks, that addresses students' needs, interests, and accomplishments, and that accounts for the results of the strategies.

Interns in a non-diverse setting must complete a 150-hour experience in a public school setting that is poverty impacted and diverse, with English Learners and students with special needs. They must be enrolled in a clinical experience course for faculty oversight.

Candidates in the private school teacher option are full-time teachers of record. They are supported in their professional growth at their school site by CalStateTEACH faculty and mentors. The majority of their clinical work is done in their school.

Private school teachers must complete a 150-hour experience in a public school setting that is poverty-impacted and diverse, with English Learners and students with special needs. They must be enrolled in a clinical experience course for faculty oversight.

Faculty are responsible for finding student teaching placements for candidates. **Candidates may not find their own placements.**

Candidates may not undertake placements in schools in which their children or other relatives are either enrolled or employed without the permission of the Regional Director.

Labor Related Issues: Fieldwork Participants/Student Teachers

Occasionally labor disputes occur in locations where candidates are completing fieldwork or student teaching assignments. If instructional services are being withheld at the school site because of a labor dispute, CalStateTEACH fieldwork participants and student teachers will NOT report to their assignment and must immediately notify their assigned Faculty and Regional Center. If the dispute lasts only a few days, then the CalStateTEACH candidate will return to the original placement. In the case of longer disputes, a new placement will be made through the Regional Center.

Employment and Labor Related Issues: Public School Intern and Emergency Permit Teachers

In the event that your employment ceases—either because the district/school has terminated you or because you have chosen to resign—your continuance in the program is subject to review. It is your obligation to notify your assigned Faculty immediately if your employment terminates and to develop a plan for your continuation in the program, which your Faculty and

Regional Director must approve. *If you are granted a CalStateTEACH Intern Credential and are not enrolled in the CalStateTEACH program, your credential shall be withdrawn and your employment may be affected. The CalStateTEACH program will file a request with the California Commission on Teacher Credentialing to withdraw the Intern Credential.*

If you have completed the program but have not passed RICA and/or CalTPA, you will need to enroll in a 3-unit clinical experience class to maintain your intern credential. CalStateTEACH is required to offer support and supervision while you are a teacher of record teaching under an intern credential. You are not required to be enrolled in the summer term.

If you are laid off due to economic circumstances, please notify your assigned Faculty immediately so that the program can withdraw your intern credential on the date of your layoff thereby preserving time on your intern credential in the event that you are employed in another public school.

In the unlikely event that a teacher strike or labor slowdown occurs in the school at which you are employed, you should consult your assigned Faculty and Regional Director for advice. Remember you are both an employee and a CalStateTEACH candidate. You should consider how your decision will likely affect not only your continuing employment, but also your academic work. Should a labor disruption take place and your continuing classroom experience is interrupted, it is your obligation to notify your assigned Faculty immediately.

Arrange your schedule so that you have two to four hours a week to work with mentor(s) at your school site for a total of 144 annual hours. Meet to work with an ELA specialist for a total of 45 annual hours. (This may be your mentor if qualified.) This is required to meet intern support and supervision regulations.

Labor Related Issues: Private School Teachers

In the event that your employment ceases—either because the school has terminated you or because you have chosen to resign—your continuance in the program is subject to review. It is your obligation to notify your assigned Faculty immediately if your employment terminates and to develop a plan for your continuation in the program, which your Faculty and Regional Director must approve.

In the unlikely event that a teacher strike or labor slowdown occurs in the school at which you are employed, you should consult your assigned Faculty and Regional Director for advice. Remember you are both an employee and a CalStateTEACH candidate. You should consider how your decision will likely affect not only your continuing employment, but also your academic work. Should a labor disruption take place and your continuing classroom experience is interrupted, it is your obligation to notify your assigned Faculty immediately.

All CalStateTEACH students should be familiar with the following information to ensure they understand the services available and their rights and responsibilities as students.

Program Policies and Information

Access to Campus-Based Student Services

Because of the unique distributed learning nature of CalStateTEACH, only some traditional services found at universities are available to CalStateTEACH students. Campus-based services that will be available include:

- Admissions
- Registration
- Record maintenance
- Financial aid
- Library access

If you have any questions concerning any of these services, contact your Regional Center. The Regional Director or your Faculty member can assist you in obtaining library services.

- Accommodations for students with disabilities

If you have special needs as addressed by the Americans with Disabilities Act (ADA) immediately notify your Regional Director and the following at your regional center: Fresno: Jennie Johnson, director of Services for Students with Disabilities, 559-278-2811.

- Grievance for discrimination, harassment and/or retaliation

If you believe you have been affected by discrimination or sexual harassment and or retaliation, immediately notify your Regional Director and the following at your regional center: Fresno: Office of the Vice President for Student Affairs and Dean of Students.

Confidentiality of Student Assignments

Please be advised that in our distributed learning environment, which uses electronic communication, the following applies:

- Messages sent to the class or posted in general discussion sections of the CalStateTEACH course website may be reviewed from time to time by program administrators.
- Program administrators, the website administrator, Regional Directors, and other faculty members have access to your CalStateTEACH website messages.
- Your personal email messages (those sent to one or several specific individuals), however, will not be subject to review so long as they are not on the CalStateTEACH webmail system.
- Assignments you submit may be subject to review by program staff other than faculty members for reasons of maintaining program quality.
- All program assignments are subject to review by program faculty and administrators for the purpose of assuring consistent application of program assessment quality and standards.

Video Permissions and Usage

Throughout the CalStateTEACH Program, you are asked to reflect on your classroom teaching by video recording yourself implementing a lesson plan. Reflecting on your teaching practice by reviewing these videos will also help prepare you to successfully complete the Teacher

Performance Assessments. You will upload proof of permission to video record in the classroom to your folio for each term.

Two forms are provided to meet this requirement. Each is used in a different situation. Please read the descriptions below and select the option and form that fits your situation. If at all possible at your school site, please use the **Video Permission District Form**.

Option 1(preferred)

If your school has already collected video permissions for each of the students in your class and has them on file in the school, then you can use the **Video Permission District Form**. The form simply requires your principal's signature as documentation that the school holds the forms. You *do not* need to submit the individual student forms in this case.

Option 2

If the school does not have signed permission forms on file for each of the students in your class, then you must collect the permissions yourself. Use the **Individual Permission to Video and Use Student Work Form**. You must obtain a signature from a parent or guardian for each child in the classroom. If you are unable to get such permission from one or more parents, under no circumstances can those children be recorded, nor can you use their work or their voices in your submissions to CalStateTEACH.

Note: Classroom videos are to be uploaded only to the CalStateTEACH Canvas course website. Sharing classroom video(s) in any other venue is grounds for program disqualification.

Dress Code

CalStateTEACH candidates are required to dress and act professionally. An appropriate appearance is defined as clothing that models professionalism for P-12 students, parents and community. The intent of our dress code is to maintain professional standards and enhance the probability of candidates' success in employment.

Low rise pants, tops that do not reach below the top of pants or plunge low, spaghetti straps, tube tops, halter tops, jeans, shorts, mini-skirts, frayed or tattered garments, offensive odors or fragrances and unkempt hair are inappropriate. Attire that is revealing or detracts from the professional role of a teacher is also unacceptable. Tattoos are not to be visible and tongue studs are not to be worn during student teaching. Also, if you know that you are doing an activity that may be messy; we recommend lab coats and/or aprons. Special event days, specified dress-down days, or planned activity days may allow changes in the CalStateTEACH dress code.

Candidates should be sure to meet or exceed local school district dress and safety codes. If the local school district code is more casual than CalStateTEACH guidelines, our guidelines supersede them. If the district or school code is more formal, the local guidelines supersede ours. Candidates may be asked to leave their assignment if appearance is not appropriate or if a professional ethical demeanor is not maintained.

Health Screening

Entering CSU students are required to present proof of the following immunizations to the CSU campus they will be attending before the beginning of their first term of enrollment.

Measles, Mumps and Rubella (MMR) Immunization: All new and readmitted students must provide proof of full immunization against measles, mumps and rubella prior to enrollment.

Hepatitis B: All new students who will be 18 years of age or younger at the start of their first term at a CSU campus must provide proof of full immunization against Hepatitis B before enrolling. Full immunization against Hepatitis B consists of three timed doses of vaccine over a minimum 4 to 6 months period. If you need further details or have special circumstances, please consult CSU, Fresno: Student Health Center.

Meningococcal Disease Information: Each incoming candidate who will be residing in on-campus housing will be required to return a form indicating that they have received information about meningococcal disease and the availability of the vaccine to prevent contracting the disease and indicating whether or not the student has chosen to receive the vaccination. These are **not** admission requirements, but are required of students as conditions of enrollment in CSU.

Tuberculosis clearance: In addition, all program candidates must provide proof of a **recent negative tuberculosis-TB test** (within the last 6 months) prior to admission. Your Regional Center can provide you with specific instructions on tuberculosis-TB testing. The tuberculin clearance must be completed within 6 months of program application and must be valid through the three terms of the program. Because of [AB1667](#) applicants may complete a [TB Risk Assessment Questionnaire](#) or a TB test. (Some school districts may require the TB test and that may delay a candidate's placement.) The tuberculin clearance may be completed at a private physician's office, the County Health Department, or a campus Student Health Center.

Admission, Eligibility and Leave Policies

Programs Leading to Licensure and Credentialing

Admission into programs leading to licensure and credentialing does not guarantee that students will obtain a license or credential. Licensure and credentialing requirements are set by agencies that are not controlled by or affiliated with the CSU and requirements can change at any time. For example, licensure or credentialing requirements can include evidence of the right to work in the United States (e.g., social security number or taxpayer identification number) or successfully passing a criminal background check. Students are responsible for determining whether they can meet licensure or credentialing requirements. The CSU will not refund tuition, fees, or any associated costs, to students who determine subsequent to admission that they cannot meet licensure or credentialing requirements. Information concerning licensure and credentialing requirements are available at <https://www.calstateteach.net/index.php?page=admissions> .

Admission Procedures and Policies

Requirements for admission to CalStateTEACH are in accordance with Title 5, Chapter 1, Subchapter 3, of the California Code of Regulations. Complete information is available at www.calstate.edu/apply .

Electronic versions of the CSU undergraduate and graduate applications are accessible at www.calstate.edu/apply. Applying online via www.calstate.edu/apply is expected unless electronic submission is impossible. An acknowledgment will be sent when an online application has been submitted.

Importance of Filing Complete, Accurate, and Authentic Application Documents

CalStateTEACH advises prospective students that they must supply complete and accurate information on the application for admission, residence questionnaire, and financial aid forms. Further, applicants must, **when requested**, submit authentic and official transcripts of all previous academic work attempted. Failure to file complete, accurate, and authentic application documents may result in denial of admission, cancellation of registration or academic credit, suspension, or expulsion (Section 41301, Article 1.1, Title 5, California Code of Regulations).

Graduate and Post-Baccalaureate Application Procedures

All graduate and post-baccalaureate applicants (e.g., doctorate, joint Ph.D. applicants, master's degree applicants, those seeking educational credentials or certificates, and where permitted, holders of baccalaureate degrees interested in taking courses for personal or professional growth) must file a complete graduate application as described in the graduate and post-baccalaureate admission materials at www.calstate.edu/apply . Applicants seeking a second bachelor's degree should submit the undergraduate application for admission unless specifically requested to do otherwise. Applicants who completed undergraduate degree requirements and graduated the preceding term are also required to complete and submit an application and the \$70 nonrefundable application fee. Since applicants for post-baccalaureate programs may be limited to the choice of a single campus on each application, re-routing to alternate campuses or later changes of campus choice are not guaranteed. To be assured of initial consideration by more than one campus, it is necessary to submit separate applications (including fees) to each. Applications submitted by way of www.calstate.edu/apply are expected unless submission of an electronic application is impossible. An electronic version of the CSU graduate application is available at www.calstate.edu/apply .

Admission to a Teacher Credentialing Program

Title 5, Article 9, Section 41100, mandates that for admission to a teaching credential program, the student shall be evaluated and a review conducted to determine that the student has met all entrance requirements which include the following:

- **Prerequisite Courses and Field Experiences.** The candidate shall have successfully completed a supervised early field experience and other prerequisite courses and experiences prescribed by the campus.
- **Professional Aptitude.** The candidate shall demonstrate suitable aptitude for teaching in the public schools. Aptitude may be assessed through interviews, letters of recommendation, and professional interactions
- **Physical Fitness.** The candidate shall satisfy the standards of physical fitness required by the State Credentialing Agency.
- **Fundamental Skills.** The candidate shall demonstrate proficiency in fundamental skills in written and spoken English, reading, and mathematics.
- **Scholarship.** The candidate shall have attained a grade point average of at least 2.5 in all baccalaureate and post baccalaureate coursework or a grade point average of at least 2.75 in the last 60 semester units attempted.
- **Personality and Character.** The candidate shall demonstrate personality and character traits that satisfy the standards of the teaching profession.
- **Admission Exceptions.** If a candidate has not met one or more admission requirements but possesses compensating strengths in other required areas, he or she may apply for conditional admission which must be cleared prior to admission to student teaching. The number of exceptions granted each year shall not exceed 15 percent of the total number of candidates admitted during the previous year.

Program Admission Requirements in compliance with the California Commission on Teacher Credentialing Admission Requirements and the CSU Executive Order 1032

- A bachelor's degree from a regionally accredited college or university (unless you are an undergraduate with senior standing).
- A grade point average of 2.5 overall or 2.75 in the last 60 semester or 90 quarter units (*Petition for Exceptional Admission* is available).
- Passage of the Multiple Subject CSET plus CSET Writing or the CSU Early Assessment Program or the CSU Placement Examinations. A bachelor's degree from an accredited university will also satisfy the basic skills requirement.
- Passage of the California Subject Examination for Teachers (CSET), transcript evaluation, or subject matter verification from an approved elementary subject matter program. The subject matter requirement must then be met prior to enrolling in Term Two of the program.
- Two letters of recommendation.
- One official, sealed copy of university transcript.
- Writing proficiency as shown in an autobiographical statement.
- A successful interview with a CalStateTEACH faculty member.
- Employment in a multiple-subject classroom if applying for the Employed Teacher Option.

Certificate of Clearance

All applicants must receive a Certificate of Clearance before enrolling in Term 1/Term 1A. (For fingerprint clearance information, please visit (www.ctc.ca.gov/credentials/fee-and-fingerprint.html.)

Reservation

CalStateTEACH reserves the right to select its students and deny admission to the Program as the Program, in its sole discretion, determines admission based on an applicant's suitability and the best interests of the Program.

Appeal of Admission Decision

Section 89030.7 of the California Education Code requires that the California State University establishes specific requirements for appeal procedures for a denial of admission. Each CSU campus must publish appeal procedures for applicants denied admission to the University. The procedure is limited to addressing campus decisions to deny an applicant admission to the University.

Admissions appeal procedures must address the basis for appeals, provide 15 business days for an applicant to submit an appeal, stipulate a maximum of one appeal per academic term, provide specific contact information for the individual or office to which the appeal should be submitted, and indicate a time estimate for when the campus expects to respond to an appeal. The appeal procedures must be included in all denial of admission notifications to students and must also be published on the campus website.

An applicant has the right to appeal a denial of admission. If an applicant believes that the denial is based on error, prejudice, capriciousness, arbitrariness or is not in alignment with established admission criteria, the applicant may file an appeal and offer evidence to support the claim.

Applicants who wish to appeal a denial of admission must do so within 15 business days of the date of the notification, submitting the completed *Request to Appeal* along with the notice of denial of admission to the Systemwide Director at CalStateTEACH, CSU Chancellor's Office, 2nd Floor, 401 Golden Shore, Long Beach, CA 90802.

The formal appeal process shall commence when the applicant presents a written appeal to the Systemwide Director. The appeal must directly and specifically address one or more of the criteria for appeal: error, prejudice, capriciousness, arbitrariness or lack of alignment with established program criteria. All written supporting evidence must be attached and submitted along with the completed form.

Immediately upon receipt of the appeal, the Systemwide Director shall provide a copy to the Regional Director. The Regional Director shall submit a written response to the appeal that must be received by the Systemwide Director within 5 business days of the Regional Director's notification of the appeal.

The Systemwide Director will provide copies of the appeal and supporting documents and the Regional Director's written response to the Systemwide Appeals Board, the applicant, and the Regional Director prior to the hearing.

Within 5 business days of receiving the appeal, the Systemwide Director shall constitute a subcommittee of the Systemwide Appeals Board to review the appeal. The committee shall be composed of three members of the faculty from the Systemwide Appeals Board. Faculty from the region to which the applicant applied is not eligible to serve.

Within 5 business days of receipt of the *Request to Appeal*, the Systemwide Director will notify the applicant of the date, location, and time of the Systemwide Appeals Board hearing. The Appeals Board will hold a hearing by telephone to consider the applicant's appeal within 15 business days of the Systemwide Director's receipt of the appeal.

The applicant shall make an oral presentation by telephone to the Systemwide Appeals Board. The Regional Director shall make an oral presentation by telephone to the Systemwide Appeals Board.

Neither the applicant, the Regional Director nor the Systemwide Appeals Board may be represented by legal counsel or other persons during the hearing. Only the members of the Systemwide Appeals Board may be present when the Board deliberates about its decision.

Within 5 business days of the hearing, the Systemwide Appeals Board will provide the Systemwide Director with a written decision to either uphold or not uphold the denial of admission of the applicant. The decision shall include a detailed recitation of the Board's reasons for the decision.

The Systemwide Director shall within 5 business days notify the applicant and the Regional Director of the decision of the Systemwide Appeals Board regarding the appeal.

**Request to Appeal Denial of Admission Form**

The form must be submitted to the Systemwide Director (CalStateTEACH, CSU Chancellor's Office, 2nd Floor, 401 Golden Shore, Long Beach, CA 90802), postmarked within 15 business days of the date of notification of the denial of admission.

Denial of Admission Appeal Information

Regional Center:	Term:
I am appealing this denial of admission because I believe that it is: • Erroneous. • Based on capricious or prejudicial evaluation of my application. • Arbitrary. • It is not in alignment with established admission criteria.	

The Systemwide Appeals Board includes student members. These members may participate in a denial of admissions appeal only if you consent to this.

I hereby authorize student members of the Systemwide Appeals Board to have access to information and materials contained in my program records.

Signature	Date
-----------	------

Attach a statement that details the reason for the appeal and the evidence in support of the claim. Attach a copy of the notification of your denial of admissions and all relevant documents.

Transfer Students

Because of its unique, integrated curriculum, candidates from other teacher credential programs cannot transfer into CalStateTEACH. CalStateTEACH candidates may, however, transfer from one region to another by first notifying their Regional Director.

Stop-Out

CalStateTEACH candidates who do not attend the next consecutive term of the program are considered “stop-outs.” Any candidate who does not attend for two or more consecutive terms must reapply for admission upon return and pay, at that time, the mandatory application fee unless the candidate has been previously approved for a leave of absence.

Educational Leave of Absence

CalStateTEACH candidates may be granted educational leaves of absence, up to two consecutive terms, while maintaining their status in the program. However, a leave granted by the university does not exempt the credential candidate from new requirements imposed by the State of California or incurring extra fees for new or modified program materials and texts. The intent of the policy is to permit a candidate to suspend his or her academic work and later resume studies with a minimum amount of procedural difficulty. A candidate who is approved for an educational leave will be considered a continuing CalStateTEACH candidate upon re-enrollment. Grounds for approval of a leave include, but are not limited to the following:

- Illness, disability, or serious personal circumstances including pregnancy
- Activities which enhance a candidate’s professional career objectives
- Active duty in the armed forces
- Relocation from one area of the state to another

A candidate who is granted an educational leave may enroll upon returning without reapplying for admission during the period of the leave or immediately at its end. While educational leaves may be granted for a variety of reasons, certain stipulations must be met:

- The request must include a rationale
- The requested period must not exceed two consecutive terms
- The candidate must plan to return to CalStateTEACH at the conclusion of his or her leave and stipulate the date of that return
- The candidate must be in good academic standing and must have completed at least six units toward the credential
- The request must be submitted before the first day of instruction in the term in which the candidate wishes to begin the leave.

Candidates who do not return to the program at the conclusion of their leave will be considered to have withdrawn from CalStateTEACH at the end of their last term of regular enrollment.

In the case of non-approved breaks in enrollment, reapplication for admission to CalStateTEACH will be required. A place in the CalStateTEACH program will not be held for the candidate in these circumstances.

Note: CalStateTEACH candidates seeking an educational leave of absence must complete the CalStateTEACH *Drop/Withdrawal/Leave of Absence Form*. Candidates must also follow and complete any additional procedures for requesting an educational leave of absence from the host campus for your Regional Center.

Dropping/Withdrawing from CalStateTEACH

Students who find it necessary to cancel their registration or to withdraw from all classes after enrolling for any academic term **are required** to follow the university's official withdrawal procedures. Failure to follow formal university procedures may result in an obligation to pay fees as well as the assignment of failing grades in all courses and the need to apply for readmission before being permitted to enroll in another academic term. Information on canceling registration and withdrawal procedures is available from the Regional Director at the Regional Center.

Students who receive financial aid funds **must consult** with the Financial Aid Office at the host campus for the Regional Center prior to withdrawing from the university regarding any required return or repayment of grant or loan assistance received for that academic term or payment period. Students who have received financial aid and withdraw from the institution during the academic term or payment period may need to return or repay some or all of the funds received, which may result in a debt owed to the institution.

The following guidelines apply to candidates who drop or withdraw from the CalStateTEACH program:

- Candidates dropping from the program **prior to the first day of instruction** may be eligible for a *full refund* of fees paid (except the nonrefundable application fee), less any administrative charges established by the host campus for the Regional Center.
- Candidates who withdraw from CalStateTEACH after the term starts but before completing 60% of the term will receive a *pro-rata basis refund* of mandatory fees, less any administrative charges established by the host campus for the Regional Center.
- Candidates who withdraw **after completing 60% of the term** will not be eligible for a refund of any mandatory fees or nonresident tuition.
- To drop or withdraw from any term, candidates must notify their Faculty member and Regional Director in writing by completing the CalStateTEACH *Drop/Withdrawal/Leave of Absence Form*. This form can be found on the course website under Resources and must be signed by the Regional Director in order for the candidate to complete the withdrawal process. Candidates must also follow and complete any additional procedures for dropping a class from the host CSU campus for the Regional Center.

Withdrawals are subject to special rules and approval and shall be granted for only the most serious and compelling reasons (a documented physical, medical, emotional, or other condition which has the effect of limiting the candidate's full participation in the class). Poor academic performance is not evidence of a serious or compelling reason for withdrawal.

Five-Year Recency

CalStateTEACH has a five-year recency policy that requires any coursework older than five years to be supplemented with additional coursework to ensure candidates' work is current.

Title V, California Code of Regulations, Refund of Fees Policy

Regulations governing the refund of mandatory fees, including nonresident tuition, for candidates enrolled in CalStateTEACH are included in 41802 of Title V, California Code of Regulations. For purposes of the refund policy, mandatory fees are defined as those systemwide fees and campus fees that are required to be paid in order to enroll in state-supported academic programs at the California State University.

In order to receive a full refund of mandatory fees, less an administrative charge established by the campus, including nonresident tuition, a student must cancel registration or drop all courses prior to the first day of instruction for the term. Information on procedures and deadlines for canceling registration and dropping classes is available at the Regional Center Office.

For state-supported semesters, quarters, and non-standard terms or courses of four (4) weeks or more, a student who withdraws during the term in accordance with the university's established procedures or drops all courses prior to the campus-designated drop period will receive a refund of mandatory fees, including nonresident tuition, based on the portion of the term during which the student was enrolled. No student withdrawing after the 60 percent point in the term will be entitled to a refund of any mandatory fees or nonresident tuition.

A student who, within the campus designated drop period and in accordance with the campus procedures, drops units resulting in a lower tuition and/or mandatory fee obligation shall be entitled to a refund of applicable tuition and mandatory fees less an administrative charge established by the campus.

Candidates will also receive a refund of mandatory fees, including nonresident tuition under the following circumstances:

- The tuition and mandatory fees were assessed or collected in error;
- The course for which the tuition and mandatory fees were assessed or collected was canceled by the university;
- The university makes a delayed decision that the candidate was not eligible to enroll in the term for which mandatory fees were assessed and collected and the delayed decision was not due to incomplete or inaccurate information provided by the candidate; or
- The candidate was activated for compulsory military service.

Candidates who are not entitled to a refund as described above may petition the university for a refund demonstrating exceptional circumstances and the chief financial officer of the university or designee may authorize a refund if he or she determines that the fees and tuition were not earned by the university.

Information concerning any aspect of the refund of fees may be obtained from the Regional Director.

Cost of Attendance

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after fees are initially charged or initial fee payments are made, to increase or modify any listed fees. All listed fees, other than mandatory systemwide fees, are subject to change without notice, until the date when instruction for a particular term has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by The Board of Trustees, the Chancellor, or the Presidents, as appropriate. Changes in mandatory systemwide fees will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 – 66028.6 of the Education Code).

The following information concerning the cost of attending CalStateTEACH is available on the public website at <http://www.calstateteach.net> and can be obtained from the Regional Center office:

- Mandatory fees and tuition fees
- Cost of materials
- Any additional costs of the program

Once accepted to the program, you will receive information from your Regional Center regarding enrollment and fee payments, which are coordinated through the CSU host campus.

Availability of Financial Assistance Information

Information concerning student financial assistance may be obtained from the financial aid office at the host campus associated with your Regional Center.

Note: Each candidate has the responsibility to maintain satisfactory progress for the purpose of establishing and maintaining eligibility for financial assistance.

Fee Waivers and Exemptions

The California Education Code includes provisions for the waiver or exemption of mandatory systemwide fees as follows:

Section 66025.3 – Dependent eligible to receive assistance under Article 2 of Chapter 4 of the Military and Veterans Code; child of veteran of the United States military who has a service-connected disability, has been killed in service, or has died of a service-connected disability, and meets specified income provisions; dependent, or surviving spouse (who has not remarried) of a member of the California National Guard who, in the line of duty, and while in the active service of the state was killed, died of a disability resulting from an event that occurred while in the active service of the state or is permanently disabled as a result of an event that occurred while in the active service of the state; and undergraduate student who is the recipient of or the child of a recipient of a Medal of Honor, under 27 years old, meets the income restriction and California residency requirement.

Section 66602 – Qualifying students from the California State University that are appointed by the Governor to serve as Trustees of the California State University for two-year terms.

Section 68120 – Surviving spouse or child of a deceased public law enforcement or fire suppression and prevention employee who was California resident and was killed in the performance of active law enforcement or fire suppression and prevention duties (referred to as Alan Pattee Scholarships), must enroll as an undergraduate student at the California State University and meet income restriction requirement.

Section 68121 – Qualifying students enrolled in an undergraduate program who are the surviving dependent of any individual killed in the September 11, 2001 terrorist attacks on the World Trade Center in New York City, the Pentagon building in Washington, D.C., or the crash of United Airlines Flight 93 in southwestern Pennsylvania, if the student meets the financial need requirements set forth in Section 69432.7 for the Cal Grant A Program and either the surviving dependent or the individual killed in the attacks was a resident of California on September 11, 2001. Students who may qualify for these benefits should contact the Admissions/Registrar's Office for further information and/or an eligibility determination.

The California Education Code provides for the following nonresident tuition exemptions:

Section 68075.7 – Nonresident students are exempt from paying nonresident tuition or any other fee that is exclusively applicable to nonresident students if they (1) reside in California, (2) meet the definition of “covered individuals” as defined in subsection (c) of Section 3679 of Title 38 of the United States Code, as that provision read on July 1, 2015; and (3) are eligible for education benefits under the federal Montgomery GI Bill-Active Duty program of the Post-9/11 GI Bill program.

Section 68122 – Students who are victims of trafficking, domestic violence, and other serious crimes who have been granted T or U visa status shall be exempt from paying non-resident tuition to the same extent as individuals who are admitted to the United States as refugees under Section 1157 of Title 8 of the United States Code.

Section 68130.5 – Students who are not residents of California are exempt from paying non-resident tuition if they (1) (a) attended high school in California for three or more years, or (b) attained credits earned from a California high school equivalent to three or more years of full-time high school coursework and a total of three or more years of attendance in California elementary schools, California secondary schools, or a combination of those schools; (2) graduated from a California high school or attained the equivalent; and (3) registered as an entering student or are currently enrolled at a CSU campus. In addition, students without lawful immigration status will be required to file an affidavit stating that they have filed an application to legalize their immigration status or will file an application as soon as they are eligible to do so. This exemption from paying non-resident tuition does not apply to students who are non-immigrant aliens within the meaning of 8 United States Code 1101(a) (15), except as provided by Section 68122 above.

Students who may qualify for these benefits should contact the Admissions/Registrar's Office for further information and/or an eligibility determination.

Fees and Debts Owed to CalStateTEACH

Should a student or former student fail to pay a fee or a debt owed to the institution, including tuition and student charges, the institution may “withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt” until the debt is paid (see Title 5, California Code of Regulations, Sections 42380 and 42381).

Prospective students who register for courses offered by the university are obligated for the payment of fees associated with registration for those courses. Failure to cancel registration in any course for an academic term prior to the first day of the academic term gives rise to an obligation to pay student fees including any tuition for the reservation of space in the course.

The institution may withhold permission to register or to receive official transcripts of grades or other services offered by the institution from anyone owing fees or another debt to the institution. The institution may also report the debt to a credit bureau, offset the amount due against any future state tax refunds due the student, refer the debt to an outside collection agency and/or charge the student actual and reasonable collection costs, including reasonable attorney fees if litigation is necessary, in collecting any amount not paid when due.

If a candidate or former candidate believes he or she does not owe all or part of an unpaid obligation, that candidate should contact the Regional Director to request an inquiry. The Regional Director will review all pertinent information provided by the person and available to the campus and will advise the person of his/her conclusions.

Other CalStateTEACH and California State University Policies

For additional information about policies on personal conduct, violence, sexual harassment, protection of human subjects, equal opportunity, software copyright, conflict of interest, controlled substances, and medically authorized drugs, please refer to the Appendices in this *Program Handbook*.

Academics Standards

Administrative Grading Symbols and Grade Points

Candidates in CalStateTEACH are given a letter grade for academic coursework and credit/ no credit for clinical experience coursework. The grade is based on the Faculty member's assessment of the candidate's performance in module work, online discussion contributions and the professional website. The following are the specific grading criteria used in the program (plus and minus grading is **not** used by CalStateTEACH):

A (4.00 grade points per unit)

Candidate performance has demonstrated a high level of competence.

B (3.00 grade points per unit)

Candidate performance has demonstrated a level of competence in conformance with expected standards for persons in the CalStateTEACH program.

C (2.00 grade points per unit)

Candidate performance is below standards for persons in the CalStateTEACH program.

Note: A candidate must receive a grade of B or higher in Term Three and have a 3.00 average to be recommended for a credential.

F—Fail (0.00 grade points)

Candidate performance fails to meet minimum standards for persons in the CalStateTEACH program.

Note: No classes for which a grade of F was assigned will be used to meet credential requirements.

CR—Credit (not calculated in GPA)

A grade of CR (which results in the candidate receiving the number of units specified for the course) indicates work equivalent to a B or higher.

NC—No Credit (not calculated in GPA)

A grade of NC (which means that the candidate did not earn the units attributed to the course) indicates work equivalent to less than a B.

W—Withdrawal

If the withdrawal occurs **prior to the end of the second week** of instruction, and approval is granted, the administrative symbol **W** will be recorded on your permanent record at the host CSU campus for your Regional Center. The **W** carries no connotation of quality of candidate performance and is not used in calculating grade point average.

Authorization to withdraw after the second week of instruction shall be granted only for serious and compelling reasons. Such reasons must be documented by the candidate. Poor academic

performance is not evidence of a serious reason for withdrawal. If a withdrawal is authorized after the second week of instruction, a grade of W will be recorded.

WU—Withdrawal Unauthorized (0.00 grade points)

WU indicates that an enrolled candidate did not withdraw from the course but failed to complete course requirements. It is used when, in the opinion of the Faculty member, completed assignments or course activities or both were insufficient to make a normal evaluation of academic performance possible. For purposes of grade point average computations, this symbol is equivalent to an **F**, with zero grade points per unit.

Candidates may petition for retroactive withdrawal from the term, provided they can document both the serious and compelling reasons that required the withdrawal and the date of such withdrawal. **Such a petition must be filed within 30 days of the start of the following term.** If approved, the negative effect of the **WU** grade will be removed from the grade point average.

I—Incomplete Authorized

The symbol **I** indicates that a portion of the required course work has not been completed and evaluated in the prescribed time period, due to unforeseen but fully justified reasons, and that there is still a possibility of earning credit. It is the responsibility of the candidate to bring pertinent information to the information of the instructor and to determine from the instructor the remaining course requirements which must be satisfied to remove the Incomplete. A final grade is assigned when the work agreed upon has been completed and evaluated.

An “I” must normally be made up within one calendar year immediately following the end of the term during which it was assigned.

This limitation prevails whether or not the student maintains continuous enrollment. Failure to complete the assigned work will result in an “I” being converted to an “IC” symbol, unless the faculty member assigns a specific letter grade at the time the Incomplete is assigned, which would replace the “I” in the student’s record after the calendar year deadline.

Please note the following:

- For the Faculty member to consider the candidate’s request for an Incomplete, **assignments for the term must ordinarily be at least 75% complete** with passing grades.
- In assigning a grade of **I**, the Faculty member shall file a *CalStateTEACH Incomplete Grade Justification* with the Regional office, signed by the candidate, the instructor, and the Regional Director. The Incomplete Grade Justification includes:
 - A statement of requirements for term obligation, and
 - A statement indicating the quality of the candidate’s work to date.

This not only provides an interim evaluation for the candidate but assists the instructor in assigning a final grade in those instances where the assigned instructor is no longer available.

- As each term is a prerequisite to the next term, the candidate cannot continue in the CalStateTEACH program until the Incomplete is removed.
- The Incomplete will be replaced with a final grade once the work agreed upon has been completed and evaluated.
- The responsibility for changing the Incomplete grade rests with the instructor.

IC—*Incomplete Charged* (0.00 grade points)

The **IC** symbol may be used when a candidate who received an **authorized incomplete I** has not completed the required course work within the allowed time limit. The **IC** replaces the **I** and is counted as a failing grade for grade point average and progress point computation.

Midterm Notice of Unsatisfactory Progress

Faculty will send a **Midterm Notice of Unsatisfactory Progress** to the Regional Director by the seventh week of the term. Faculty will provide specific examples of unsatisfactory progress in one or more of the following categories: clinical experience, academic modules, online discussion groups or collaborative community groups, professional conduct or ethics, or failure to meet Teacher Performance Expectations (TPEs). The Regional Director will notify the candidate. The candidate will create a **Remediation Plan** and present it to the regional director who will share it with the faculty and the mentor, if clinical experience is the issue. A copy of the remediation plan shall be uploaded into the confidential candidate record. The candidate will meet the goals established in the plan by the date established in the plan or be subject to academic failure and subsequent academic disqualification.

**Remediation Plan for Unsatisfactory Progress Form**

This form must be submitted to the candidate's Regional Director within 5 business days of the date of notification of unsatisfactory program progress.

Unsatisfactory Progress Information

Regional Center:	Term:	Instructor:
------------------	-------	-------------

I have been notified that I have not made satisfactory progress in the following areas:

- clinical experience
- academic modules
- online discussion groups or collaborative community groups
- professional conduct or ethics
- failure to meet Teacher Performance Expectations

Remediation Plan

By this date _____ (date), I will remediate my performance in the program by taking the following steps:

Signature

Date

Change of Grade

Assignment of grades and change of grades are the prerogative of the Faculty member. **A change of grade may occur only for compelling reasons such as in cases of clerical error, administrative error, or where the Faculty member reevaluates the original assignments of a candidate and discovers an error in the original evaluation.** A clerical or administrative error is an error made and acknowledged by the Faculty member or an assistant in calculating or recording the grade. **A change of grade shall not occur as a consequence of the acceptance of additional work or reexamination beyond the specified term requirements.**

Probation and Disqualification

Academic Probation

Credential candidates will be placed on academic probation if their cumulative grade point average falls below a 3.0 (B grade average) in all units attempted subsequent to admission to the program.

Academic Disqualification

Academic Disqualification means that the candidate has not maintained satisfactory academic standards and is involuntarily separated from the university.

Credential candidates on academic probation are subject to Academic Disqualification when the candidate's cumulative GPA is below a 3.0 for a second consecutive term.

Disqualified candidates shall be notified by the Regional Director of the disqualification and of the right to petition the program for reinstatement under the appeal procedures set forth below.

Administrative Academic Probation

A candidate may be placed on administrative-academic probation by the Regional Director for any of the following reasons:

- Withdrawal from the program of studies in two successive terms or two terms in any of three terms. Candidates whose withdrawal is directly associated with a chronic or recurring medical condition or its treatment are exempted.
- Repeated failure to progress toward the stated degree objective or other program objective, when such failure appears to be due to circumstances within the control of the candidate.
- Failure to comply, after due notice, with academic requirements or regulation, as defined by program policy.

When such action is taken, the candidate shall be notified via email and/or in writing by the Regional Director. This notification shall provide the conditions for removal from probation and the circumstances that would lead to disqualification, should probation not be removed.

Administrative Academic Disqualification

The Systemwide Director may designate the Regional Director to act to disqualify a candidate not on probation when one or more of the following circumstances exist:

- The conditions for removal from administrative-academic probation are not met within the period specified

- The candidate becomes subject to academic probation while on administrative-academic probation
- The candidate becomes subject to administrative-academic probation for the same or similar reason for which he/she has been placed on administrative-academic probation previously, although not currently in such status
- At the end of any term, the candidate has a grade point average below 1.0
- The cumulative grade point average is so low that in view of the candidate's overall educational record, it seems unlikely that the deficiency will be removed within a reasonable period

When such action is taken, the candidate shall receive email and/or written notification including an explanation of the basis for the action from the Regional Director.

In addition, if a candidate at any time during enrollment has demonstrated behavior so contrary to the standards of the profession for which the candidate is preparing as to render him/her unfit for the profession, disqualification will occur immediately upon notice to the candidate, which shall include an explanation of the basis for the action, and the program may require the candidate to discontinue enrollment as of the date of the notification. The decision to disqualify a candidate under these terms shall be made by the Regional Director in consultation with the Systemwide Director; the Regional Director shall notify the candidate.

Examples of unacceptable behavior include, but are not limited to:

- Academic dishonesty as defined by this *Program Handbook*
- Inappropriate student conduct as defined in this *Program Handbook*
- Unacceptable academic, pedagogical, and/or clinical performance
- Failing to meet the standards set by the Commission on Teacher Credentialing
- Failing to behave according to the standards of the teaching profession, partner public school districts, the California State University, the regional campus, and/or program
- Failing to attend clinical placement
- Sharing classroom video(s) in an inappropriate venue. Classroom videos are to be uploaded only to the appropriate CalStateTEACH sites and viewed only by Program approved personnel.

Probation and/or Disqualification Appeal Process

The candidate has the right to appeal probation and/or disqualification. If a candidate believes that the probation and/or disqualification is based on error, prejudice, capriciousness, arbitrariness or is not in alignment with established program criteria, the candidate may file an appeal and offer evidence to support the claim.

Candidates who wish to appeal a probation and/or disqualification must do so within 10 business days of the date of the notification, submitting the completed *Request to Appeal* form along with the notice of probation and/or disqualification to the Systemwide Director at CalStateTEACH, CSU Chancellor's Office, 6th Floor, 401 Golden Shore, Long Beach, CA 90802

The formal appeal process shall commence when the candidate presents a written appeal to the Systemwide Director. The *Request to Appeal* form is in the Program Handbook. The appeal must directly and specifically address one or more of the criteria for appeal: error, prejudice,

capriciousness, arbitrariness or lack of alignment with established program criteria. All written supporting evidence must be attached and submitted along with the completed form.

Immediately upon receipt of the appeal, the Systemwide Director shall provide a copy to the Regional Director. The Regional Director shall submit a written response to the appeal that must be received by the Systemwide Director within 5 business days of the Regional Director's notification of the appeal.

The Systemwide Director will provide copies of the appeal and supporting documents and the Regional Director's written response to the Systemwide Appeals Board, the candidate, and the Regional Director prior to the hearing.

Within 5 business days of receiving the appeal, the Systemwide Director shall constitute a subcommittee of the Systemwide Appeals Board to review the candidate's appeal. The committee shall be composed of three members of the faculty from the Systemwide Appeals Board (one of whom will be designated as chair of the committee), and one candidate from the Systemwide Appeals Board. Faculty from the region in which the candidate is enrolled are not eligible to serve.

Within 5 business days of receipt of the *Request to Appeal* form, the Systemwide Director will notify by program email the candidate of the date, location, and time of the Systemwide Appeals Board hearing. The Appeals Board will hold a hearing by telephone to consider the candidate's appeal within 15 business days of the Systemwide Director's receipt of the appeal.

The candidate shall make an oral presentation by telephone to the Systemwide Appeals Board. The Regional Director shall make an oral presentation by telephone to the Systemwide Appeals Board.

Neither the candidate, the Regional Director nor the Systemwide Appeals Board may be represented by legal counsel or other persons during the hearing. Only the members of the Systemwide Appeals Board may be present when the Board deliberates about its decision.

Within 3 business days of the hearing, the Systemwide Appeals Board will provide the Systemwide Director with a written decision to either uphold or not uphold the probation and/or disqualification of the candidate. The decision shall include a detailed recitation of the Board's reasons for the decision.

The Systemwide Director shall within 3 business days notify the candidate and the Regional Director of the decision of the Systemwide Appeals Board regarding the appeal.

Within 10 business days of notification by the Systemwide Director of the Systemwide Appeals Board decision in the formal hearing, the candidate may appeal the Board's decision by submitting a written rebuttal of the Board's decision to the Systemwide Director at CalStateTEACH, CSU Chancellor's Office, 6th Floor, 401 Golden Shore, Long Beach, CA 90802. The appeal to the Systemwide Director must set forth in detail the reasons the candidate believes the Board improperly executed the procedures and/or misapplied the academic standards set forth in this policy. No new evidence may be introduced in the final appeal.

The Systemwide Director may appoint a second Appeals Board if s/he determines that the process was flawed in any fundamental respect. If the due process procedures and academic standards outlined in this document are found by the Systemwide Director to have been met, the Board's decision will be considered final. Within 5 business days of receipt of the final appeal, the Systemwide Director will notify the candidate whether the Board's decision will be considered final or whether a second Appeals Board will be convened.

The Systemwide Appeals Board may recommend to the Systemwide Director that the California Commission on Teacher Credentialing be notified of very serious lapses in professional behavior.

**Probation and/or Disqualification Appeal Form**

The form must be submitted to the Systemwide Director (CalStateTEACH, CSU Chancellor's Office, 2nd Floor, 401 Golden Shore, Long Beach, CA 90802), postmarked within 10 business days of the date of notification of probation and/or removal from the program.

Probation and/or Disqualification Appeal Information

Regional Center:	Term:	Instructor:
I am appealing this probation and/or disqualification because I believe that it is: • Erroneous. • Based on capricious or prejudicial evaluation of my work. • Based on inconsistent or inequitable standards for evaluation.		

The Systemwide Appeals Board includes student members. These members may participate in a probation and/or disqualification appeal only if you consent to this.

I hereby authorize student members of the Systemwide Appeals Board to have access to information and materials contained in my program records.

Signature	Date
-----------	------

Attach a statement that details the reason for the appeal and the evidence in support of the claim. Attach a copy of the notification of your probation and/or disqualification and all relevant documents.

Signature

Date

Reinstatement

If disqualified, the candidate is not eligible for reinstatement for a minimum of one semester. The candidate will be required to reapply for admission and submit a petition for reinstatement to the Regional Director.

The formal reinstatement process shall commence when the candidate presents a petition for reinstatement to the Regional Director. The *Petition for Reinstatement* form is in the Program Handbook. The petition must directly and specifically describe and document the candidate's good-faith efforts to improve academic standing and improve circumstances within the candidate's control that directly resulted in his/her disqualification. All written supporting evidence must be attached and submitted along with the completed form.

The Systemwide Appeals Board will review the reinstatement petition, with approval based upon documented good-faith efforts to improve academic standing and improve circumstances within the candidate's control that directly resulted in his/her disqualification. Faculty from the region in which the candidate is enrolled are not eligible to serve.

The Systemwide Director shall within 5 business days notify the candidate and the Regional Director of the decision of the Systemwide Appeals Board regarding the petition. The candidate will be informed in writing of the Board's decision within 20 business days of receipt of the completed reinstatement petition.

Within 10 business days of notification by the Systemwide Director of the Systemwide Appeals Board decision, the candidate may appeal by submitting a written rebuttal of the Board's decision to the Systemwide Director at CalStateTEACH, CSU Chancellor's Office, 6th Floor, 401 Golden Shore, Long Beach, CA 90802. The appeal to the Systemwide Director must set forth in detail the reasons the candidate believes the Board improperly executed the procedures and/or misapplied the academic standards set forth in this policy. No new evidence may be introduced in the final appeal.

If the due process procedures and standards set forth in this policy are found by the Systemwide Director to have been met, the Board's decision will be considered final. The Systemwide Director may appoint a second Appeals Board if s/he determines that the process was flawed in any fundamental respect. Within 5 business days of receipt of the final appeal, the Systemwide Director will notify the candidate whether the Board's decision will be considered final or whether a second Appeals Board will be convened. A candidate may only be reinstated twice.

**Petition for Reinstatement**

Please note that a disqualified candidate is not eligible for reinstatement for a minimum of one semester. The form must be submitted to the Systemwide Director (CalStateTEACH, CSU Chancellor's Office, 2nd Floor, 401 Golden Shore, Long Beach, CA 90802).

Reinstatement Information

Regional Center:	Term:	Instructor:
I am requesting a reinstatement because I have documentation of the following good-faith efforts to improve my academic standing and circumstances that resulted in my disqualification: • Attended classes (community college, extended education, etc.) • Attended professional development • Other:		

The Academic Appeal Committee includes student members. These members may participate in a grade appeal only if you consent to this.

I hereby authorize student members of the Academic Appeal Committee to have access to information and materials contained in my program records.

Signature	Date
-----------	------

Attach a statement that details the reason for the appeal and the evidence in support of the claim. Attach all relevant documents, including documentation of your attempt to resolve the dispute informally with the instructor who assigned the grade.

Signature	Date
-----------	------

Grade Appeal Process

Faculty have the sole right and responsibility to provide careful evaluation and timely assignment of appropriate grades. There is a presumption that assigned course grades are correct. It is the responsibility of the candidate appealing an assigned grade to demonstrate otherwise.

If a candidate believes that the final grade issued is based on instructor or clerical error, prejudice, capriciousness, arbitrariness or is not in alignment with established grading criteria in the course website, the candidate may file an appeal and offer evidence to support the claim.

If the candidate believes that his/her grade was affected by discrimination or sexual harassment, he/she shall be referred to the appropriate office at each regional center: Fresno: Office of the Vice President for Student Affairs and Dean of Students.

Prior to filing a grade appeal, the candidate shall make every attempt to resolve the grade dispute with the instructor through the informal processes established by the CalStateTEACH Program. The candidate must make a documented attempt to meet with the faculty member within 20 business days of the start of the following term to make every effort to resolve the issue.

If the candidate is unable to reach an informal resolution of the grade dispute, the candidate may file a formal appeal of the grade within 10 business days of the documented attempt to meet with the faculty member.

The formal appeal process shall commence when the candidate presents a written appeal to the Regional Director. A Grade Appeal Form is in the Program Handbook and is also available online at cst3.net. The appeal must directly and specifically address one or more of the criteria for appeal: instructor or clerical error, prejudice, capriciousness, arbitrariness or lack of alignment with established grading criteria.

Immediately upon receipt of the grade appeal, the Regional Director shall provide a copy to the instructor and the Systemwide Director. The instructor shall submit a written response to the grade appeal that must be received by the Regional Director and the Systemwide Director within 5 business days of the Regional Director's notification of the appeal.

Within 5 business days of receiving the grade appeal, the Regional Director shall constitute an Academic Appeal Committee to review the candidate's appeal. The committee shall be composed of two regional center faculty (one of whom will be designated as chair of the committee), one faculty member from the Systemwide Appeals Board, and one candidate from the Systemwide Appeals Board.

The Systemwide Director shall be informed that a committee is being convened. Pursuant to Executive Order 1037, the appeal process shall proceed in a timely way and the authority of the Committee shall be limited to actions that are consistent with other system policies.

The Academic Appeal Committee shall meet at a mutually acceptable time within 10 business days of having been constituted to establish the hearing date. The Committee shall determine that a hearing will be conducted within 15 business days of the establishment of the hearing date. The candidate and instructor shall be notified of the hearing date. The hearing shall be scheduled at a time when the candidate and the instructor are able to appear.

The candidate and the instructor shall present evidence to the Academic Appeal Committee regarding the grade dispute. Evidence may include graded candidate work. If the candidate does

not appear for the hearing, the Committee may put the appeal aside and the original grade will stand as final. If the instructor does not appear for the hearing, the Committee may decide in favor of the candidate.

Neither the candidate nor the instructor shall be represented by legal counsel or other persons during the hearing. Only the members of the Academic Appeal Committee may be present when the Committee deliberates about its decision.

The Academic Appeal Committee shall arrive at factual findings and reach a decision regarding the proper resolution of the appeal.

The Committee may authorize the entry of a change, where appropriate, to the final course grade in the candidate's academic record. This action shall be limited to instances where the Committee finds that the grade was improperly assigned. A report of the hearing, the evidence, the findings, and decision of the Committee shall be submitted to the Regional Director and the Systemwide Director within 5 business days of the close of the hearing. In compliance with the Family Educational Rights and Privacy Act (FERPA), this report shall be maintained in the Systemwide Office.

The Regional Director shall notify the candidate and the instructor of the decision of the Academic Appeal Committee regarding the appeal within 3 business days of the Board's decision.

Within 10 business days of notification by the Regional Director of the Academic Appeal Committee's decision, the candidate may appeal the decision by submitting a written rebuttal of the Committee's decision to the Systemwide Director at (CalStateTEACH, CSU Chancellor's Office, 2nd Floor, 401 Golden Shore, Long Beach, CA 90802) The appeal to the Systemwide Director must indicate in what way the Committee improperly executed the procedures and/or misapplied the standards set forth in this policy. No new evidence may be introduced in the final appeal.

The Systemwide Director shall request the Academic Appeal Committee's report and any written evidence from the Regional Director and send the materials to the Systemwide Appeals Board. Faculty from the region in which the candidate is enrolled are not eligible to serve. If the due process procedures and standards set forth in this policy are found by the Systemwide Director and the Appeal Board to have been met, the Committee's decision will be considered final. Within 10 business days of receipt of the rebuttal, the Systemwide Director will notify the candidate of the final decision.

If the instructor of record does not assign a grade, or if s/he does not change an assigned grade when the candidate has successfully appealed the grade, other qualified faculty (e.g. one or more persons with academic training comparable to the instructor of record) shall do so at the request of the Systemwide Director.

The Systemwide Director shall report to the Assistant Vice Chancellor of Teacher Education and Public School Programs by January of each year the number of appeals heard in the previous academic year.

**Grade Appeal Form**

Please note that before a formal Grade Appeal Form can be filed, the candidate must attempt to resolve the dispute informally. If you are appealing a grade, you must make a documented attempt to communicate with the instructor who assigned the grade and discuss your objection with him/her before filing this appeal. The form must be submitted to the Systemwide Director (CalStateTEACH, CSU Chancellor's Office, 2nd Floor, 401 Golden Shore, Long Beach, CA 90802), postmarked within 10 business days of the date of notification of grade.

Grade Appeal Information

Regional Center:	Term:	Instructor:
I am appealing this grade because I believe that it is: • Erroneous. • Based on capricious or prejudicial evaluation of my work. • Based on inconsistent or inequitable standards for evaluation.		
Note: These are the only justifications that may be given for a grade appeal.		

The Academic Appeal Committee includes student members. These members may participate in a grade appeal only if you consent to this.

I hereby authorize student members of the Academic Appeal Committee to have access to information and materials contained in my program records.

Signature Date

Attach a statement that details the reason for the appeal and the evidence in support of the claim. Attach all relevant documents, including documentation of your attempt to resolve the dispute informally with the instructor who assigned the grade.

Signature Date

Completing the Teacher Performance Assessment Requirement

Under the requirements of California legislation and the Commission on Teacher Credentialing, all Multiple Subject Credential teacher candidates must complete a rigorous assessment of their professional performance. CalStateTEACH candidates complete the CalTPA. The CalTPA process is built around two cycles of instruction that ask candidates to demonstrate their ability to plan instruction with attention to the content and the students they are teaching, teach in ways that engage all students in powerful learning opportunities and assess student learning formally and informally, reflect on the outcomes of their teaching, and apply what they learned to their next steps in teaching (Plan, Teach and Assess, Reflect and Apply). The cycles are to be completed at two different times during a candidate's preliminary program and they must pass both cycles of instruction. The due date for the CalTPA is scheduled on the course calendar. The CalTPA Candidate Handbook on the CalTPA website and the TPA Center on the course website provide directions and support for completing tasks. The Study Guide and the TPA Center provide instructions for submitting tasks.

School and partner districts must provide opportunities in clinical practice settings to teacher candidates to observe, practice, and teach lessons that will prepare the teacher candidate to take and pass a Commission approved literacy performance assessment that includes a focus on foundational literacy skills and the additional cross cutting themes in literacy. These opportunities should occur during a classroom setting in initial or student teaching and prior to the candidate taking the approved literacy performance assessment.

Repetition of Term Policy

After reinstatement, a candidate may repeat a term for which a failing grade (including a C) was earned. In computing the grade point average for a candidate who repeats a term, only the highest earned grade and grade points will be used. That said, the original grade will remain on the academic record along with the new one.

Academic Integrity

CalStateTEACH, as part of the California State University, is committed to maintaining academic integrity. Academic dishonesty is a serious offense that can diminish the quality of scholarship, the academic environment, the academic reputation, and the quality of the CalStateTEACH program. The following policy is intended to clearly define academic dishonesty in the CalStateTEACH program and to state the responsibility of candidates, faculty, and administrators relating to this subject.

All forms of academic dishonesty in the CalStateTEACH program are a violation of university policy and are considered a serious offense. Academic dishonesty includes, but is not limited to:

- **Plagiarism.** Plagiarism is intentionally or knowingly presenting words, ideas, or work of others as one's own. Plagiarism includes copying assignments, copying computer programs, using a work or portion of a work written or created by another but not crediting the source, paraphrasing another's work without giving credit, borrowing or using ideas without giving credit, crediting oneself with a product produced by others, using others' web postings as one's own, and having others participate in online discussions on one's behalf.

At many times in the CalStateTEACH program, candidates will be encouraged to modify or use pre-existing lessons or unit plans. All ideas or materials collected or used from outside sources must be cited appropriately. Copying lessons or unit plans when original work is required and presenting this work as original is considered plagiarism.

- **Use of Unauthorized Aids.** This includes using any material or sources of support prohibited by the administrators or faculty members.
- **Falsifying Any University Document.** This includes falsifying signatures on university forms (such as Drop/Withdrawal/Leave of Absence Forms, and Classroom Observation Forms), forging another's signature (such as the Mentor's or instructor's or that of another candidate), and falsifying prerequisite requirements.

The candidate is responsible for reviewing all program policies, with special attention regarding the policy on academic dishonesty. The Faculty member can clarify any questions the candidate may have about the policy. The Faculty member must report each instance of academic dishonesty to the Regional Director. The Regional Director may appoint a three-member faculty committee to review the alleged dishonesty and decide on the candidate's continued participation in the CalStateTEACH program.

Consequences for any form of academic dishonesty in the CalStateTEACH program may result in one or more of the following:

- A failing grade for the assignment related to the instance
- A failing grade for the term
- Dismissal from the CalStateTEACH program

State Credential Requirements and Information

State Certification

In 1998, California adopted new Standards of Quality and Effectiveness for Professional Teacher Preparation Programs. SB 2042 legislation provides, in part, for a Multiple Subject Preliminary Teaching Credential for those candidates who are preparing to teach in self-contained classrooms (primarily in the elementary schools in California). This is the credential earned through the CalStateTEACH program.

Professional Clear Teaching Credential

Once a Preliminary Multiple Subject Credential is earned, candidates can obtain a Professional Clear Teaching credential through successfully completing a state-approved induction program or, if an induction program is unavailable, through an approved fifth year program. A list of approved programs is available at http://134.186.81.79/fmi/xsl/CTC_apm/recordlist_5th.html. Induction programs may be offered by school districts, county offices of education and/or institutions of higher education. More information about induction programs can be found at <http://134.186.81.79/fmi/xsl/CTC-Induction/induction.xsl>.

Specialist Credentials

Specialist Credentials are generally earned after completing a basic Multiple or Single Subject Credential. These can usually be taken as part of a master's degree. Check http://134.186.81.79/fmi/xsl/CTC_apm/recordlist.html for a list of approved programs in California.

Credentials Obtained Outside of California and Interstate Agreements

The State of California has interstate (formerly reciprocity) agreements with some states and may honor credentials from those states. Teachers with credentials from other states must apply directly to the Commission for issuance of the initial California Preliminary Credential. To check the interstate agreement status of any state, please contact the CTC or visit <http://www.ctc.ca.gov>. The CTC leaflet "Requirements for Individuals Prepared Outside of California" can be found at <http://www.ctc.ca.gov/credentials/leaflets/cl561.pdf>.

Note: The State of California may require substantial additional coursework and/or examinations to complete the credential requirement, even when there is an interstate agreement.

Subject Matter Requirements for the Multiple Subject Credential

Until multiple subject matter verification programs are approved, all teachers new to the profession who receive a Multiple Subject Teaching Credential or a Multiple Subject Intern Credential must demonstrate subject matter competency by examination or verification of a subject matter program.

Substitute Teaching

According to Commission regulations, anyone holding a baccalaureate degree, or a passing Multiple Subject CSET score plus a passing CSET Writing Score may substitute teach in the public schools with the recommendation of the school district.

United States Constitution Requirement

The U.S. Constitution requirement must be met prior to the issuance of a Preliminary Teaching or Intern Credential. The requirement may be met by:

- Passing an approved examination on provisions and principles of the United States Constitution at a regionally accredited community college, college, or university (fee may be required); or
- The satisfactory completion of two semester or three quarter units of work on the provisions and principles of the United States Constitution in any regionally accredited community college, college, or university.

The Regional Center can provide more information on this requirement.

Cardiopulmonary Resuscitation (CPR) Certification

The Commission on Teacher Credentialing requires all candidates have a current Adult/Child/Infant CPR certification prior to filing for a Preliminary Multiple Subject Credential. The Regional Center can provide more information on this requirement.

Glossary

California Standards for the Teaching Profession (CSTP)

A set of standards for professional teaching practice in California that provides a guiding framework for both the candidate's work in the CalStateTEACH program and his/her lifelong professional development as a teacher.

(For more information: <http://www.btsa.ca.gov/ba/pubs/pdf/cstpreport.pdf>)

California Subject Examination for Teachers (CSET)

The CSET measures content area knowledge of the subjects usually taught in the K-8 classroom. The CSET meets the State of California's subject matter competency requirements for a Multiple Subject Credential. All program candidates must meet subject matter competency before enrolling in Term Two of the CalStateTEACH program. The CSET in combination with the CSET Writing Test also serves to meet the basic educational skills requirement and can be used in place of the CBEST. The CSET score is only valid for ten years. (For more information: <http://www.cset.nesinc.com>)

California Teaching Performance Assessment (CalTPA)

Senate Bill 2042 (Chapter 548, Statutes of 1998), signed by the governor in 1998, requires all multiple and single subject preliminary credential candidates attending fifth year, intern, or blended teacher preparation programs in California to pass an approved Teacher Performance Assessment. Candidates in the CalStateTEACH program complete the CalTPA for this purpose. This assessment is designed to give candidates the opportunity to develop, refine, and demonstrate their teaching knowledge, skills, and abilities during their teacher preparation program. It is also designed to measure an understanding and mastery of the TPEs. CalTPA has a task-based structure with two cycles of instruction that ask candidates to demonstrate their ability to plan instruction with attention to the content and the students they are teaching, teach in ways that engage all students in powerful learning opportunities and assess student learning formally and informally, reflect on the outcomes of their teaching, and apply what they learned to their next steps in teaching (Plan, Teach and Assess, Reflect and Apply).

Literacy Performance Assessment (LPA)

Senate Bill 488 (Chap. 678, Stats. 2021) requires the Commission to update its literacy and reading instruction standards for the preparation of teaching candidates and the corresponding literacy-related Teaching Performance Expectations (TPEs). Additionally, the bill required the Commission to review teacher preparation programs and certify that they are providing curriculum that is in compliance with specific provisions of statute, and to develop a new literacy performance assessment to replace the current Reading Instruction Competence Assessment (RICA). Candidates in the CalStateTEACH program must demonstrate competence in literacy instruction including:

- An alignment with the current State Board of Education (SBE) adopted English Language Arts/English Language Development Framework
- Incorporation of the California Dyslexia Guidelines

Cardiopulmonary Resuscitation (CPR) Certification

The CalStateTEACH program requires an Adult/Child/Infant CPR certification prior to filing for the Preliminary Multiple Subject Credential. The American Heart Association has listings of CPR classes available in local areas.

(For more information: <http://www.americanheart.org>)

California Commission on Teacher Credentialing (CCTC)

The purpose of the Commission is to ensure integrity and high quality in the preparation, conduct, and professional growth of the educators who serve California's public schools. Its work shall reflect both statutory mandates that govern the Commission and research on professional practices.

(For more information: <http://www.ctc.ca.gov>)

Employed Private School Teacher of Record

A candidate who may or may not have passed the CSET, but is employed by a private school, having full responsibility for a classroom on a full-time basis is a Private School Teacher of Record.

Faculty

CalStateTEACH faculty serve as faculty, advisor, coach, and online facilitator for a group of CalStateTEACH candidates. Faculty are responsible for school site placements, and make regular visits to school sites to observe classroom teaching. Faculty have primary responsibility for determining whether a candidate's academic progress and classroom practice are sufficient for the candidate to progress to the next term and be recommended for a credential. In addition, faculty provide ongoing feedback on assignments throughout the program to support the candidate's academic success and assign grades.

Formative Assessment

Reviews of the candidate's written work by Faculty and Mentors during each term are called Formative Assessment. Formative assessment provides feedback on written work and indicates where changes or additions might be advisable before the final module is submitted. These evaluations keep candidates informed of their progress on a regular basis.

Host Campus

There is one host CSU campus, one for each Regional Center (CSU Fresno). The host campus is responsible for candidate support functions for the CalStateTEACH program. It creates and maintains academic records, determines and allocates financial aid, and performs certain functions associated with the credentialing process. These campuses also administer program budgets and perform personnel-related functions for the Regional Center with which they are associated.

Intern Teacher

A program candidate with a public school multiple subject teaching contract who has successfully completed the subject matter competency requirement, the prerequisite requirement for 160 hours of preparation, has been assigned a mentor, and has filed for the CalStateTEACH Intern Credential is an intern teacher.

Mentor Teacher

An experienced and fully qualified public school teacher who hosts a CalStateTEACH Student Teacher (Student Teacher Option) in his/her classroom during Terms Two or Three of the program is a Mentor. Mentors model effective pedagogical practices, demonstrate instruction based on the state-adopted content standards, share materials, and provide a supportive context in which the Student Teacher gradually assumes full instructional responsibilities for the class. The Mentor confers regularly with the assigned Faculty and provides formative and summative written feedback regarding the candidate's progress and readiness to be recommended for a California Preliminary Multiple Subject Teaching Credential.

Module

A module is a theme-based assignment within a term accomplished by completing a set of activities that focus on a specific TPE that contribute to the development of an effective teacher. Each term has a series of modules that follow a spiraling structure. Evaluations of the modules are used in conjunction with teaching performance to determine whether the program candidate is ready to proceed into the next term and, ultimately, be recommended for a credential.

Principal

The principal is a site level instructional leader who collaborates with the candidate, assigned Faculty, and Mentor throughout the program and performs professional evaluations required by the school district. The principal's evaluations are critical to the candidate, as well as to the district that employs the candidate, and without an approved teaching site, the candidate will not be permitted to complete the CalStateTEACH program. The CalStateTEACH program will not provide assessment data to the principal for use in evaluation processes.

Region

A region is an area encompassing many counties and is administered by a Regional Center. The CalStateTEACH program serves California through two regional centers.

Regional Center

The administrative center for monitoring candidate progress, processing applications, and maintaining program consistency and quality is a regional center. There are two Regional Centers in the CalStateTEACH program: Central California and Southern California.

Regional Director

The Regional Director is the CalStateTEACH administrator responsible for the overall coordination of candidates, Mentors, Faculty and staff within a region. The Regional

Director is responsible for documenting candidate competence, including satisfactory completion of all academic work, classroom teaching competence and all other program requirements as well as for implementing the policies of the CalStateTEACH program. Regional Directors are also responsible for staffing and organizing the Saturday orientations.

Site Mentor

An experienced and fully qualified teacher (either currently teaching or recently retired) at the school site who provides formative and summative feedback to CalStateTEACH program candidates who are employed as teachers (Intern Option). The Site Mentor confers regularly with the assigned Faculty and provides formative and summative feedback regarding the CalStateTEACH candidate's progress.

Student Teacher

In the Student Teaching Option, the candidate is expected to support the work of the Cooperating Teacher as a volunteer in the classroom. Upon successful completion of Term One (or 1A and 1B), the normal progression for a candidate will be to become a Student Teacher in Terms Two and Three, working closely under the direction of the Master Teacher and taking on responsibilities for the classroom.

Systemwide Director

The Systemwide Director is the CSU administrator who is responsible for oversight of the systemwide CalStateTEACH program. This individual is responsible for staffing and budgetary decisions and oversight of curriculum, instruction, and assessment in the CalStateTEACH program. This individual works with the Regional Directors and Faculty members to ensure that graduates of CalStateTEACH have completed a high quality program that meets the CTC accreditation standards.

Teaching Performance Expectations (TPEs)

The TPEs describe what beginning California teachers need to know and be able to do before being recommended for a Preliminary Multiple Subject Teaching Credential. CalStateTEACH will introduce the TPEs and will give multiple opportunities to become familiar with them and meet their requirements.

Term

Each of the divisions of time and work during which candidates are learning new skills and knowledge. Each Term has its own *Study Guide* and required levels of proficiency for continuance in the program.

Code of Ethics of the Education Profession

Preamble

The National Education Association believes that the education profession consists of one education workforce serving the needs of all students and that the term 'educator' includes education support professionals.

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nurture of the democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of students, of parents, and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

The remedies specified by the NEA and/or its affiliates for the violation of any provision of this Code shall be exclusive and no such provision shall be enforceable in any form other than the one specifically designated by the NEA or its affiliates.

PRINCIPLE I

COMMITMENT TO THE STUDENT

The educator strives to help each student realize his or her potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

In fulfillment of the obligation to the student, the educator--

1. Shall not unreasonably restrain the student from independent action in the pursuit of learning.
2. Shall not unreasonably deny the student's access to varying points of view.
3. Shall not deliberately suppress or distort subject matter relevant to the student's progress.

4. Shall make reasonable effort to protect the student from conditions harmful to learning or to health and safety.
5. Shall not intentionally expose the student to embarrassment or disparagement.
6. Shall not on the basis of race, color, creed, sex, national origin, marital status, political or religious beliefs, family, social or cultural background, or sexual orientation, unfairly--

Exclude any student from participation in any program

Deny benefits to any student

Grant any advantage to any student

7. Shall not use professional relationships with students for private advantage.
8. Shall not disclose information about students obtained in the course of professional service unless disclosure serves a compelling professional purpose or is required by law.

PRINCIPLE II

COMMITMENT TO THE PROFESSION

The education profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In the belief that the quality of the services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards, to promote a climate that encourages the exercise of professional judgment, to achieve conditions that attract persons worthy of the trust to careers in education, and to assist in preventing the practice of the profession by unqualified persons.

In fulfillment of the obligation to the profession, the educator--

1. Shall not in an application for a professional position deliberately make a false statement or fail to disclose a material fact related to competency and qualifications.
2. Shall not misrepresent his/her professional qualifications.
3. Shall not assist any entry into the profession of a person known to be unqualified in respect to character, education, or other relevant attribute.
4. Shall not knowingly make a false statement concerning the qualifications of a candidate for a professional position.
5. Shall not assist a noneducator in the unauthorized practice of teaching.
6. Shall not disclose information about colleagues obtained in the course of professional service unless disclosure serves a compelling professional purpose or is required by law.

7. Shall not knowingly make false or malicious statements about a colleague.
8. Shall not accept any gratuity, gift, or favor that might impair or appear to influence professional decisions or action.

Teaching Performance Expectations (TPEs) ***Aligned with the California Standards for the Teaching Profession***

Introduction

The *Teaching Performance Expectations (TPEs)* comprise the body of knowledge, skills, and abilities that beginning general education teachers have the opportunity to learn in approved teacher preparation programs in California. Beginning teachers demonstrate their knowledge of the TPEs by successfully completing coursework, engaging in clinical practice, and passing a Teaching Performance Assessment (TPA) based on the TPEs. Beginning teachers must meet these requirements prior to being recommended for a preliminary teaching credential in California. TPEs guide teacher preparation program development; candidate competency with respect to the TPEs is measured through the TPA.

The TPEs are research-based and aligned to national teaching standards expectations. They link to expectations set forth in California's adopted content standards for students. They require beginning teachers to demonstrate the knowledge, skills, and abilities to provide safe, healthy, and supportive learning environments to meet the needs of each and every student and to model digital literacy and ethical digital citizenship. In addition, the TPEs explicitly require beginning teachers to know and be able to apply pedagogical theories, principles, and instructional practices for the comprehensive instruction of English learners. They know and can apply theories, principles, and instructional practices for English Language Development to assist students to achieve literacy in English within the content area(s) of their credential(s). They create inclusive learning environments, in person or online, and use their understanding of all students' developmental levels to provide effective instruction and assessment for all students, including students with disabilities in the general education classroom.

The TPEs are directly and purposely aligned to the *California Standards for the Teaching Profession (CSTP)* that guide California's teacher induction programs and ongoing teacher development in California. This direct alignment signals to beginning teachers, preparers of beginning teachers, and those who support and mentor teachers in their first years of employment the importance of connecting initial teacher preparation with ongoing support and development of teaching practice in the induction years and beyond.

The TPEs are organized by the six CSTP domains. Detail about expectations for beginning teacher knowledge and performance is provided through TPE elements and narratives within each of the six CSTP Domains:

- Engaging and Supporting All Students in Learning
- Creating and Maintaining Effective Environments for Student Learning
- Understanding and Organizing Subject Matter for Student Learning

- Planning Instruction and Designing Learning Experiences for All Students
- Assessing Student Learning
- Developing as a Professional Educator

Throughout this set of TPEs, reference is made to "all students" or "all TK–12 students." This phrase is intended as a widely inclusive term that references **all** students attending public schools. Students may exhibit a wide range of learning and behavioral characteristics, as well as disabilities, dyslexia, intellectual or academic advancement, and differences based on ethnicity, race, socioeconomic status, gender, gender identity, sexual orientation, language, religion, and/or geographic origin. The range of students in California public schools also includes students whose first language is English, English learners, and Standard English learners. This inclusive definition of "all students" applies whenever and wherever the phrase "all students" is used in the TPEs.

TPE 1: Engaging and Supporting All Students in Learning

Elements

Beginning teachers:

1. Apply knowledge of students, including their prior experiences, interests, and social emotional learning needs, as well as their funds of knowledge and cultural, language, and socioeconomic backgrounds, to engage them in learning.
2. Maintain ongoing communication with students and families, including the use of technology to communicate with and support students and families, and to communicate achievement expectations and student progress.
3. Connect subject matter to real-life contexts and provide active learning experiences to engage student interest, support student motivation, and allow students to extend their learning.
4. Use a variety of developmentally and ability-appropriate instructional strategies, resources, and assistive technology, including principles of Universal Design of Learning (UDL) and Multi-Tiered System of Supports (MTSS) to support access to the curriculum for a wide range of learners within the general education classroom and environment.
5. Promote students' critical and creative thinking and analysis through activities that provide opportunities for inquiry, problem solving, responding to and framing meaningful questions, and reflection.
6. Provide a supportive learning environment for students' first and/or second language acquisition by using research-based instructional approaches, including focused English Language Development, Specially Designed Academic Instruction in English (SDAIE), scaffolding across content areas, and structured English immersion, and demonstrate an understanding of the difference among students whose only instructional need is to acquire Standard English proficiency, students who may have an identified disability

affecting their ability to acquire Standard English proficiency, and students who may have both a need to acquire Standard English proficiency and an identified disability.

7. Provide students with opportunities to access the curriculum by incorporating the visual and performing arts, as appropriate to the content and context of learning.

8. Monitor student learning and adjust instruction while teaching so that students continue to be actively engaged in learning.

Narrative

Student Engagement

Beginning teachers understand and value the socioeconomic, cultural, and linguistic background, funds of knowledge, and achievement expectations of students, families, and the community and use these understandings not only within the instructional process but also to establish and maintain positive relationships in and outside the classroom. They use technology as appropriate to communicate with and support students and families.

Beginning teachers provide opportunities and adequate time for students to practice and apply what they have learned within real-world applications and community-based instruction as appropriate and as available. They use available community resources, prior student experiences, and applied learning activities, including arts integration, to make instruction individually and culturally relevant.

Beginning teachers use a variety of instructional principles and approaches such as UDL and linguistic scaffolding to assure the active and equitable participation of all students and to promote engagement of all students within general education environments using the principles of Multi-Tiered System of Supports (MTSS) as appropriate.

Language Acquisition and Development

Beginning teachers understand and apply theories, principles, and instructional practices for the comprehensive language instruction of English learners, Standard English learners, and students whose first language is English. They understand and use appropriate instructional approaches and programs for developing language proficiency and the use of academic language for English language development, including structured English immersion, integrated and designated English language development, and Standard English acquisition. They appropriately apply theories, principles, and instructional practices for English language development to assist students to achieve literacy in English. Beginning teachers understand and apply pedagogical theories and principles and practices for the development of students' academic language, comprehension, and knowledge across the subjects of the core curriculum.

Beginning teachers use a student's background and assessment of prior learning both in English and the home language, if applicable, to differentiate instruction and to select instructional materials and strategies, including the incorporation of visual and performing arts, to support the student in comprehension and production of Standard English. They

are able to determine communicative intent, particularly with students at emerging and expanding English proficiency levels and with students who may have an identified disability affecting their ability to acquire Standard English proficiency.

Beginning teachers design and implement instruction based on the student's level of English proficiency and academic achievement, keeping in mind that the student's individual needs vary and may be multifaceted. Additionally, beginning teachers understand the difference among students whose only instructional need is to acquire Standard English proficiency, students who may have an identified disability affecting their ability to acquire Standard English proficiency, and students who may have both a need to acquire Standard English proficiency and an identified disability.

Beginning teachers assure that students understand what they are to do during instruction and monitor student progress toward learning goals as identified in the academic content standards and Individualized Education Plans (IEPs), Individualized Family Service Plans (IFSPs), Individualized Transition Plans (ITPs), and Section 504 plans, as applicable.

TPE 2: Creating and Maintaining Effective Environments for Student Learning

Elements

Beginning teachers:

1. Promote students' social-emotional growth, development, and individual responsibility using positive interventions and supports, restorative justice, and conflict resolution practices to foster a caring community where each student is treated fairly and respectfully by adults and peers.
2. Create learning environments (i.e., traditional, blended, and online) that promote productive student learning, encourage positive interactions among students, reflect diversity and multiple perspectives, and are culturally responsive.
3. Establish, maintain, and monitor inclusive learning environments that are physically, mentally, intellectually, and emotionally healthy and safe to enable all students to learn, and recognize and appropriately address instances of intolerance and harassment among students, such as bullying, racism, and sexism.
4. Know how to access resources to support students, including those who have experienced trauma, homelessness, foster care, incarceration, and/or are medically fragile.
5. Maintain high expectations for learning with appropriate support for the full range of students in the classroom.

6. Establish and maintain clear expectations for positive classroom behavior and for student-to-student and student-to-teacher interactions by communicating classroom routines, procedures, and norms to students and families.

Narrative

Beginning teachers create healthy learning environments by promoting positive relationships and behaviors, welcoming all students, using routines and procedures that maximize student engagement, supporting conflict resolution, and fostering students' independent and collaborative learning. Beginning teachers use a variety of strategies and approaches to create and maintain a supportive learning environment for all students. They use principles of positive behavior intervention and support processes, restorative justice and conflict resolution practices, and they implement these practices as appropriate to the developmental levels of students to provide a safe and caring classroom climate.

Beginning teachers understand the role of learners in promoting each other's learning and the importance of peer relationships in establishing a climate of learning. They encourage students to share and examine a variety of points of view during lessons. Beginning teachers support all students' mental, social-emotional, and physical health needs by fostering a safe and welcoming classroom environment where students feel they belong and feel safe to communicate.

Beginning teachers recognize that in addition to individual cultural, linguistic, socioeconomic and academic backgrounds, students come to school with a wide range of life experiences that impact their readiness to learn, including adverse or traumatic childhood experiences, mental health issues, and social-emotional and physical health needs.

Beginning teachers design and maintain a fair and appropriate system of classroom management that fosters a sense of community, incorporates student input, and engages families. They regularly assess and adapt this system in response to students, families, and school contexts. Beginning teachers align their classroom management plan with students' IEP, FSP, ITP, and 504 plans as applicable.

TPE 3: Understanding and Organizing Subject Matter for Student Learning

Elements

Beginning teachers:

1. Demonstrate knowledge of subject matter, including the adopted California State Standards and curriculum frameworks.
2. Use knowledge about students and learning goals to organize the curriculum to facilitate student understanding of subject matter, and make accommodations and/or modifications as needed to promote student access to the curriculum.

3. Plan, design, implement, and monitor instruction consistent with current subject-specific pedagogy in the content area(s) of instruction, and design and implement disciplinary and cross-disciplinary learning sequences, including integrating the visual and performing arts as applicable to the discipline.¹
4. Individually and through consultation and collaboration with other educators and members of the larger school community, plan for effective subject matter instruction and use multiple means of representing, expressing, and engaging students to demonstrate their knowledge.
5. Adapt subject matter curriculum, organization, and planning to support the acquisition and use of academic language within learning activities to promote the subject matter knowledge of all students, including the full range of English learners, Standard English learners, students with disabilities, and students with other learning needs in the least restrictive environment.
6. Use and adapt resources, standards-aligned instructional materials, and a range of technology, including assistive technology, to facilitate students' equitable access to the curriculum.
7. Model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law, understanding fair use guidelines and the use of Creative Commons license, and maintaining Internet security.
8. Demonstrate knowledge of effective teaching strategies aligned with the internationally recognized educational technology standards.

Narrative

Subject-Specific Pedagogy and Making Content Accessible

Beginning teachers use subject matter knowledge to plan, deliver, assess and reflect on content-specific instruction for all students, consistent with the California State Standards in the content area(s) of their credential(s). Beginning teachers provide multiple means for students to access content such as linguistic supports; technology, including assistive technology; elements of UDL; integrating other content areas, such as the arts; and accommodations and/or modifications to assessments and instruction. They also address access to content standards as specified in plans such as IEPs, IFSPs, ITPs and 504 plans.

Beginning teachers design learning sequences that highlight connections, relationships, and themes across subjects and disciplines. They also engage students in real-world applications to make learning relevant and meaningful. Beginning teachers work with

colleagues through collaboration and consultation to support students' engagement with instruction.

Beginning teachers also articulate and apply pedagogical theories, principles, and practices for the development of literacy, academic language, comprehension, and knowledge in the subjects of the core curriculum for all students.

Integrating Educational Technology

Beginning teachers design, implement, and evaluate technology-rich learning environments to customize and individualize learning opportunities and assessments for students. They integrate knowledge of subject matter, pedagogy, and available instructional technology tools, including assistive technology, to design learning experiences that engage and support all students in learning the California State Standards, along with improving students' conceptual understanding, cultivating their critical thinking, and promoting their creative learning.

Beginning teachers model knowledge, skills, and fluency in using digital tools. Beginning teachers teach students how to use digital tools to learn, to create new content, and to demonstrate what they are learning. Beginning teachers model and promote digital citizenship and critical digital literacy, including respecting copyright law, understanding fair use guidelines, understanding Creative Commons license, and maintaining Internet security. Beginning teachers promote equal access of all students to digital tools and assure that students are safe in their digital participation.

Beginning teachers use appropriate educational technologies to deepen teaching and learning to provide students with opportunities to participate in a digital society and economy.

Beginning teachers use established learning goals and students' assessed needs to frame the choices of digital tools and instructional applications consistent with standards of the International Society for Technology in Education (ISTE) and the International Association for K–12 Online Learning (iNACOL).

TPE 4: Planning Instruction and Designing Learning Experiences for All Students

Elements

Beginning teachers:

1. Locate and apply information about students' current academic status, content- and standards-related learning needs and goals, assessment data, language proficiency status, and cultural background for both short-term and long-term instructional planning purposes.

2. Understand and apply knowledge of the range and characteristics of typical and atypical child development from birth through adolescence to help inform instructional planning and learning experiences for all students.

3. Design and implement instruction and assessment that reflects the interconnectedness of academic content areas and related student skills development in literacy, mathematics, science, and other disciplines across the curriculum, as applicable to the subject area of instruction.

4. Plan, design, implement and monitor instruction, making effective use of instructional time to maximize learning opportunities and provide access to the curriculum for all students by removing barriers and providing access through instructional strategies that include:

- appropriate use of instructional technology, including assistive technology;
- applying principles of UDL and MTSS;
- use of developmentally, linguistically, and culturally appropriate learning activities, instructional materials, and resources for all students, including the full range of English learners;
- appropriate modifications for students with disabilities in the general education classroom;
- opportunities for students to support each other in learning; and
- use of community resources and services as applicable.

5. Promote student success by providing opportunities for students to understand and advocate for strategies that meet their individual learning needs and assist students with specific learning needs to successfully participate in transition plans (e.g., IEP, IFSP, ITP, and 504 plans.)

6. Access resources for planning and instruction, including the expertise of community and school colleagues through in-person or virtual collaboration, co-teaching, coaching, and/or networking.

7. Plan instruction that promotes a range of communication strategies and activity modes between teacher and student and among students that encourage student participation in learning.

8. Use digital tools and learning technologies across learning environments as appropriate to create new content and provide personalized and integrated technology-rich lessons to engage students in learning, promote digital literacy, and offer students multiple means to demonstrate their learning.

Narrative

Beginning teachers access and apply knowledge of students' prior achievement and current instructional needs; knowledge of effective instructional techniques for supporting the academic language needs of all students, the specific language needs of students

whose first language is English, English learners, and Standard English learners; the knowledge of effective instructional techniques for students with disabilities in the general education classroom; and knowledge of formative and/or summative student assessment results relative to the TK–12 academic content standards to improve teaching and learning for all students.

Beginning teachers are knowledgeable about typical and atypical child and adolescent abilities and disabilities and their effects on student growth and development, learning, and behavior.

Beginning teachers also are knowledgeable about the range of abilities of gifted and talented students in the general education classroom.

Beginning teachers understand how to effectively use content knowledge, content pedagogy, and student learning targets to design appropriate instruction and assessment for all students.

Beginning teachers demonstrate the ability to design and implement instruction and assessment that reflects the interconnectedness of academic content areas and related student skills development in literacy, mathematics, science, and other disciplines across the curriculum in alignment with California's adopted content standards and their underlying principles.

In planning for instruction consistent with California's TK–12 content standards, beginning teachers access and apply their deep content knowledge of the subject area and use appropriate content-specific pedagogy consistent with research-based practices in the field.

Beginning teachers understand the principles of UDL and MTSS and apply these principles in the content field(s) of their credential(s) to plan instruction that meets individual student needs for all students. Beginning teachers align instructional goals and student learning objectives, including IEP, IFSP, ITP, and 504 plans, instructional procedures, assessment tools/processes, and criteria for evaluation of learning. They provide access to the curriculum for all students by removing barriers and providing access through a range of appropriate instructional strategies tailored and adapted as necessary to meet individual student needs.

Beginning teachers research, evaluate, and utilize current technological practices to improve teaching and learning (e.g., blended and online learning technologies).

TPE 5: Assessing Student Learning

Elements

Beginning teachers:

1. Apply knowledge of the purposes, characteristics, and appropriate uses of different types of assessments (e.g., diagnostic, informal, formal, progress-monitoring, formative, summative, and performance) to design and administer classroom assessments, including use of scoring rubrics.
2. Collect and analyze assessment data from multiple measures and sources to plan and modify instruction and document students' learning over time.
3. Involve all students in self-assessment and reflection on their learning goals and progress and provide students with opportunities to revise or reframe their work based on assessment feedback.
4. Use technology as appropriate to support assessment administration, conduct data analysis, and communicate learning outcomes to students and families.
5. Use assessment information in a timely manner to assist students and families in understanding student progress in meeting learning goals.
6. Work with specialists to interpret assessment results from formative and summative assessments to distinguish between students whose first language is English, English learners, Standard English learners, and students with language or other disabilities.
7. Interpret English learners' assessment data to identify their level of academic proficiency in English as well as in their primary language, as applicable, and use this information in planning instruction.
8. Use assessment data, including information from students' IEP, IFSP, ITP, and 504 plans, to establish learning goals and to plan, differentiate, make accommodations and/or modify instruction.

Narrative

Beginning teachers develop, implement, and use a range of effective classroom assessments to inform and improve instructional design and practice. Beginning teachers demonstrate knowledge of student assessment design principles, such as test construction, test question development, and scoring approaches, including rubric design. They explain the importance of validity and reliability in assessment and know how to mitigate potential bias in question development and in scoring. Beginning teachers demonstrate knowledge of a variety of types of assessments and their appropriate uses, including diagnostic, large-scale, norm-referenced, criterion-referenced, and teacher-developed formative and summative assessments. They effectively select and administer assessments to inform learning.

Beginning teachers use multiple measures to make an informed judgment about what a student knows and is able to do. Beginning teachers analyze data to inform instructional design, self-reflect, reteach, provide resources, and accurately document student academic and developmental progress. They support students in learning how to peer-

and self-assess work using identified scoring criteria and/or rubrics. Beginning teachers provide students with opportunities to revise or reframe their work based on assessment feedback, thus leading to new learning. They implement fair grading practices, share assessment feedback about performance in a timely way, utilize digital resources to inform instruction, analyze data, and communicate learning outcomes.

Beginning teachers utilize assessment data and collaborate with specialists to learn about their students. They apply this information to make accommodations and/or modifications of assessment for students whose first language is English, English learners, and Standard English learners. They also utilize this process for students with identified learning needs, students with disabilities, and advanced learners. Beginning teachers are informed about student information in plans such as IEPs, IFSPs, ITPs, and 504 plans and participate as appropriate.

TPE 6: Developing as a Professional Educator

Elements

Beginning teachers:

1. Reflect on their own teaching practice and level of subject matter and pedagogical knowledge to plan and implement instruction that can improve student learning.
2. Recognize their own values and implicit and explicit biases, the ways in which these values and implicit and explicit biases may positively and negatively affect teaching and learning, and work to mitigate any negative impact on the teaching and learning of students. They exhibit positive dispositions of caring, support, acceptance, and fairness toward all students and families, as well as toward their colleagues.
3. Establish professional learning goals and make progress to improve their practice by routinely engaging in communication and inquiry with colleagues.
4. Demonstrate how and when to involve other adults and to communicate effectively with peers and colleagues, families, and members of the larger school community to support teacher and student learning.
5. Demonstrate professional responsibility for all aspects of student learning and classroom management, including responsibility for the learning outcomes of all students, along with appropriate concerns and policies regarding the privacy, health, and safety of students and families. Beginning teachers conduct themselves with integrity and model ethical conduct for themselves and others.
6. Understand and enact professional roles and responsibilities as mandated reporters and comply with all laws concerning professional responsibilities, professional conduct, and moral fitness, including the responsible use of social media and other digital platforms and tools.

7. Critically analyze how the context, structure, and history of public education in California affects and influences state, district, and school governance as well as state and local education finance.

Narrative

Beginning teachers seek opportunities to reflect on and improve their practice through collaborative inquiry, observation feedback, and their own performance data. Beginning teachers are aware of their potential implicit and explicit biases and the potential impact, positive and/or negative, on their expectations for and relationships with students, families, and colleagues. They understand their responsibility for ongoing professional learning and for maintaining their certification as members of a profession. Throughout their preparation program, beginning teachers develop an understanding of their fundamental responsibilities as professional educators and of their accountability to students, families, colleagues, and employers. Beginning teachers participate as team members with colleagues and families.

Beginning teachers take responsibility for all students' academic learning outcomes. They hold high expectations for all students.

Beginning teachers articulate and practice the profession's code of ethics and professional standards of practice, and they uphold relevant laws and policies, including but not limited to those related to:

- professional conduct and moral fitness;
- use of digital content and social media;
- education and rights of all stakeholders, including students with disabilities, English learners, and those who identify as LGBTQ+;
- privacy, health, and safety of students, families, and school professionals;
- mandated reporting; and
- students' acts of intolerance and harassment such as bullying, racism, and sexism.

Beginning teachers understand that they have chosen to become members of complex organizations. Beginning teachers are familiar with issues of equity and justice within the structures and contexts of public education, including state, district, and school governance; curriculum and standards development; testing and assessment systems; and basic school finance.

Literacy Teaching Performance Expectations (TPEs) ***Aligned with the California Standards for the Teaching Profession***

Introduction

Beginning multiple subject/Education Specialist teachers apply their knowledge of the California Standards in English Language Arts/English Language (ELA/ELD) Development to frame their planning, instruction, and student assessment in the area of literacy. They demonstrate the ability to design and deliver literacy instruction that reflects the five key themes of a robust and comprehensive literacy instructional program: (1) meaning making, (2) language development, (3) effective expression, (4) content knowledge, and (5) foundational skills that assures that all students develop English

proficiency and meet or exceed the California standards. Beginning teachers know how to determine the skill level of students through the use of meaningful indicators of reading and language arts proficiency prior to instruction, how to determine whether students are making adequate progress on skills and concepts, how to use this information to inform instruction, and how to determine the effectiveness of instruction and students' proficiency after instruction.

TPE Domain 7: Effective Literacy Instruction for All Students

7.1 Plan and implement evidence-based literacy instruction (and integrated content and literacy instruction) grounded in an understanding of applicable literacy-related academic standards and the themes of the California English Language Arts/English Language Development Framework (Foundational Skills, Meaning Making, Language Development, Effective Expression, and Content Knowledge) and their integration.

7.2 Plan and implement evidence-based literacy instruction (and integrated content and literacy instruction) grounded in an understanding of Universal Design for Learning; California's Multi-Tiered System of Support (Tier 1–Best first instruction, Tier 2–Targeted, supplemental instruction, and Tier 3–Referrals for intensive intervention); and the California Dyslexia Guidelines, including the definition and characteristics of dyslexia and structured literacy (i.e., instruction for students at risk for and with dyslexia that is comprehensive, systematic, explicit, cumulative, and multimodal and that includes phonology, orthography, phonics, morphology, syntax, and semantics).

7.3 Incorporate asset-based pedagogies, inclusive approaches, and culturally and linguistically affirming and sustaining practices in literacy instruction (and in integrated content and literacy instruction), recognizing and incorporating the diversity of students' cultures, languages, dialects, and home communities. Promote students' literacy development in languages other than English in multilingual (dual language and bilingual education) programs.

7.4 Provide literacy instruction (and integrated content and literacy instruction) for all students that is active, motivating, and engaging; responsive to students' age, language and literacy development, and literacy goals; reflective of family engagement, social and emotional learning, and trauma-informed practices; and based on students' assessed learning strengths and needs, analysis of instructional materials and tasks, and identified academic standards.

7.5 Foundational Skills.6 Multiple Subject Candidates: Develop students' skills in print concepts, including letters of the alphabet; phonological awareness, including phonemic awareness; phonics, spelling, and word recognition, including letter-sound, spelling-sound, and sound-symbol correspondences; decoding and encoding; morphological awareness; and text reading fluency, including accuracy, prosody (expression), and rate (as an indicator of automaticity), through instruction that is structured and organized as well as direct, systematic, and explicit and that includes practice in connected, decodable text. Multiple Subject and Single Subject English Candidates: Provide instruction in text reading fluency that emphasizes spelling and syllable patterns, semantics, morphology,

and syntax. Multiple Subject and Single Subject Candidates: Advance students' progress in the elements of foundational skills, language, and cognitive skills that support them as they read and write increasingly complex disciplinary texts with comprehension and effective expression.

7.6 Meaning Making. Engage students in meaning making by building on prior knowledge and using complex literary and informational texts (print, digital, and oral), questioning, and discussion to develop students' literal and inferential comprehension, including the higher-order cognitive skills of reasoning, perspective taking, and critical reading, writing, listening, and speaking across the disciplines. Engage students in reading, listening, speaking, writing, and viewing closely to draw evidence from texts, ask and answer questions, and support analysis, reflection, and research.

7.7 Language Development. Promote students' oral and written language development by attending to vocabulary knowledge and use, grammatical structures (e.g., syntax), and discourse-level understandings as students read, listen, speak, and write with comprehension and effective expression. Create environments that foster students' oral and written language development, including discipline-specific academic language. Enhance language development by engaging students in the creation of diverse print, oral, digital, and multimedia texts. Conduct instruction that leverages students' existing linguistic repertoires, including home languages and dialects, and that accepts and encourages translanguaging.

7.8 Effective Expression. Develop students' effective expression as they write, discuss, present, and use language conventions. Engage students in a range of frequent formal and informal collaborative discussions, including extended conversations, and writing for varied purposes, audiences, and contexts. Teach students to plan, develop, provide feedback to peers, revise using peer and teacher feedback, edit, and produce their own writing and oral presentations in various genres, drawing on the modes of opinion/argumentation, information, and narration. Develop students' use of keyboarding, technology, and multimedia, as appropriate, and fluency in spelling, handwriting, and other language conventions to support writing and presentations. Teach young children letter formation/printing and related language conventions, such as capitalization and punctuation, in conjunction with applicable decoding skills.

7.9 Content Knowledge. Promote students' content knowledge by engaging students in literacy instruction, in all pertinent content areas, that integrates reading, writing, listening, and speaking in discipline-specific ways, including through printed and digital texts and multimedia, discussions, experimentation, hands-on explorations, and wide and independent reading. Teach students to navigate increasingly complex literary and informational texts relevant to the discipline, research questions of interest, and convey knowledge in a variety of ways. Promote digital literacy and the use of educational technology, including the ability to find, evaluate, use, share, analyze, create, and communicate digital resources safely and responsibly, and foster digital citizenship.

7.10 Multiple Subject and Single Subject English Candidates: Monitor students' progress in literacy development using formative assessment practices, ongoing progress monitoring, and diagnostic techniques that inform instructional decision making.⁸ Understand how to use screening to determine students' literacy profiles and identify potential reading and writing difficulties, including students' risk for dyslexia and other literacy-related disabilities. Understand how to appropriately assess and interpret results for English learner students. If indicated, collaborate with families and guardians as well as with teachers, specialists, other professionals, and administrators from the school or district to facilitate comprehensive assessment for disabilities in English and as appropriate in the home language; plan and provide supplemental instruction in inclusive settings; and initiate referrals for students who need more intensive support.

7.11 Multiple Subject and Single Subject Candidates: Provide instruction in English language development (ELD) for students identified as English learner students based on an understanding of comprehensive ELD, which includes both integrated and designated ELD and is part of Tier 1 instruction. Understand how integrated and designated ELD are related and how designated ELD is taught in connection with (rather than isolated from) content areas and topics. Use ELA/literacy standards (or other content standards) and ELD standards in tandem to plan instruction that attends to students' literacy profiles, levels of English language proficiency, and prior educational experiences. Provide ELD instruction that builds on students' cultural and linguistic assets and develops students' abilities to use English purposefully, interact in meaningful ways, and understand how English works across the disciplines.

Roles and Responsibilities within CalStateTEACH

General Roles and Responsibilities for CalStateTEACH Candidates

- Successfully complete and submit learning modules as assigned to the Faculty member by the due date
- Participate in a professional manner in the online discussion forums as expected
- Display appropriate professional behavior at all times

Candidates participating in early field experience are expected to meet the following expectations:

- Conduct one-self in a professional and ethical manner at all times.
- Be punctual. Arrive at the school site at least 30 minutes before students arrive and stay 30 minutes after school is over to be able to plan with and get feedback from site mentor. Report at the time designated to the appropriate authority in the school to which the candidate is assigned.
- Upon arrival, always check in at the office. Sign in per school policy. Become acquainted with the school staff.
- Follow the CalStateTEACH Dress Code.
- Inform the site mentor, the school, and the CalStateTEACH faculty in advance of any absence. All absences will be made up before the candidate will receive credit for clinical experience. A maximum of three absences are allowed to receive credit.
- Observe the site mentor and supporting personnel (teacher specialists, counselors, administrators, etc.) at work. Learn pupils' names as soon as possible.
- Participate in school and classroom routines.
- Help to administer and grade tests as directed by site mentor.
- Prepare bulletin boards and instructional displays.
- Come prepared for all activities, including CalStateTEACH faculty visits.
- Reflect upon teaching practice.
- Build rapport with the students.
- Establish professional relationships with school staff, administrators, and teachers.
- Accept constructive criticism in a positive manner.
- Maintain confidentiality; do not discuss student problems, parents, etc. outside of the classroom.
- Become acquainted with the material and personnel resources available to teachers in the building, department, and school. Respect school property.
- Establish professional relationships with parents.
- Study curriculum materials in the school curriculum center and district resource center.

- Participate in one or more community or school activities (e.g. Back to School Night, Open House, etc.).
- Participate in one or more school site professional development activities or trainings.
- Follow the schedule of the school district for vacations.
- Inform the CalStateTEACH faculty of any incidents that may potentially jeopardize the candidates' safety.
- Inform the site mentor and administrator of suspected child abuse. Report suspected child abuse in accordance with state law.
- Communicate regularly and reliably with the site mentor and CalStateTEACH faculty. This includes checking email at least once per day and accessing electronic information as needed to remain informed of all CalStateTEACH expectations. (Do not check email or phone during clinical time.)
- Evaluate the school site, Mentor and assigned Faculty by completing appropriate forms.

General Roles and Responsibilities for CalStateTEACH Faculty

- Guide the CalStateTEACH candidate's online learning, responding to candidate submissions in the Work Folio within a maximum of 7 business days of the assignment due date
- Provide formative and summative assessment of classroom performance and required written work on the module evaluation and term evaluation documents
- Conduct a minimum of 6 regularly scheduled observations/visits to the CalStateTEACH candidate's classroom, visiting each candidate either virtually or in person, and conducting a pre-conference and a post conference for each observation.
- Participate in and monitor the online discussion forums and assess candidate performance in the forums
- Advise candidates on program requirements and procedures
- Contribute to the development and revision of curriculum and help to ensure program quality
- Serve as liaison to school-site personnel
- Participate in and ensure the selection and support of appropriate site-based Cooperating Teachers, Mentor Teachers, and Site Mentors
- Orient Mentor Teachers, Site Mentors, and principals to the CalStateTEACH program and its requirements; distribute appropriate program materials
- Participate in the recommendations of a candidate's eligibility for Student Teaching
- Provide outreach through a variety of activities to recruit new candidates
- Develop and maintain the knowledge and skills to score TPA submissions accurately by meeting the calibration requirements for the program
- Interview potential candidates for program admission
- Serve on CalStateTEACH committees

General Roles and Responsibilities for CalStateTEACH Regional Director

- Maintains official contact among the Regional Center, the host CSU campus, and the statewide program administrators
- Oversees relationships with public school site administrators and faculty
- Administers the regional budget and oversees the curriculum implementation at the Regional Center
- Participates in the selection, training, and evaluation of the Faculty member, as well as the office staff assigned to the Regional Center
- Maintains Regional Center candidate records
- Assigns each CalStateTEACH candidate to a Faculty member
- Approves all field placements
- Provides overall coordination of the CalStateTEACH student placement, and selection of Site Mentors, Cooperating Teachers, and Master Teachers related to the Regional Center
- Oversees recruitment, admissions, and enrollment activities
- Insures that all facets of the TPA preparation, submission, scoring, and reporting process are handling effectively at the Regional Center
- Participates in the collection and development of data and other substantive content for all reports required by the CTC and other oversight agencies.
- Collaborates with the other directors to ensure that the program curriculum and procedures offer an effective preparation for teaching to the program participants.

General Roles and Responsibilities for Mentor Teachers and Site Mentors

- Introduce the CalStateTEACH candidate to the routines and duties of everyday teaching
- Share expertise with the CalStateTEACH candidate regarding effective teaching strategies, useful teaching materials, classroom management techniques, and non-instructional tasks that teachers must perform
- Make needed materials, texts, and equipment available to the CalStateTEACH candidate
- Provide support, training, mentoring, coaching, and feedback for a CalStateTEACH candidate
- Provide opportunities in clinical practice settings for teacher candidates to observe, practice, and teach lessons that will prepare the teacher candidate to take and pass a Commission approved literacy performance assessment that includes a focus on foundational literacy skills and the additional cross cutting themes in literacy. These opportunities should occur during a classroom setting in initial or student teaching and prior to the candidate taking the approved literacy performance assessment.
- Assist the CalStateTEACH candidate with planning and reviews lesson plans before implementation
- Observe class presentations, providing appropriate and constructive feedback orally and in writing to the CalStateTEACH candidate

- Model balanced and comprehensive reading/language arts instruction; effectively teach the state-adopted core curriculum; and model instruction based on the state-adopted academic content standards
 - a) Phonics and structured reading development
 - b) Incorporation of California Dyslexia Guidelines
 - c) Incorporation of elements of California Comprehensive Plan
- Provide clinical placement opportunities for teacher candidate to demonstrate an understanding and practice literacy standards and concepts and strategies identified in the California Dyslexia Guidelines
- Assist the CalStateTEACH candidate in meeting professional standards
- Participate in the monthly conferences with the CalStateTEACH candidate and Faculty member
- Prepare an evaluation form for each grading period and provide copies to the CalStateTEACH candidate and Faculty member
- Complete all forms as required by the program

Site Mentors Hosting Interns and Private School Teachers of Record

- Hold an appropriate California credential (Multiple Subject)
- Have completed three years of successful teaching experience
- Have certification/expertise/experience working with English learners
- Model balanced and comprehensive reading/language arts instruction; effectively teaches the state-adopted core curriculum; and models instruction based on the state-adopted academic content standards
- Participate in site mentor training
- Utilize a clinical supervision model when working with Interns

Qualifications for Mentor Teachers

Mentor Teachers Hosting Student Teachers

- Hold an appropriate California credential (Multiple Subject)
- Have completed three years of successful teaching experience
- Have certification/expertise/experience working with English learners
- Model balanced and comprehensive reading/language arts instruction; effectively teaches the state-adopted core curriculum; and models instruction based on the state-adopted academic content standards
- Participate in mentor teacher training
- Allow Field Experience Participants opportunities to work with classroom students
- Utilize a clinical supervision model when working with Student Teachers

Mentors Hosting Interns and Private School Teachers of Record

- Hold an appropriate California credential (Multiple Subject)
- Have completed three years of successful teaching experience
- Have certification/expertise/experience working with English learners
- Model balanced and comprehensive reading/language arts instruction; effectively teaches the state-adopted core curriculum; and models instruction based on the state-adopted academic content standards
- Participate in site mentor training
- Utilize a clinical supervision model when working with Interns

Nonresident Tuition

Determination of Residency for Tuition Purposes

University requirements for establishing residency for tuition purposes are independent from those of other types of residency, such as for tax purposes, or other state or institutional residency. These regulations were promulgated not to determine whether a student is a resident or nonresident of California, but rather to determine whether a student should pay tuition on an in-state or out-of-state basis. A resident for tuition purposes is someone who meets the requirements set forth in the Uniform Student Residency Requirements. These laws governing residency for tuition purposes at the California State University (CSU) are California Education Code sections 68000-68085, 68120-68133, and 89705-89707.5, and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41900-41916. This material can be viewed on the Internet by accessing the CSU's website at www.calstate.edu/sas/residency.

Each campus's Admissions Office is responsible for determining the residency status of all new and returning students based on the Application for Admission, Residency Questionnaire, Reclassification Request Form, and, as necessary, other evidence furnished by the student. A student who fails to submit adequate information to establish eligibility for resident classification will be classified as a nonresident.

Generally, establishing California residency for tuition purposes requires a combination of physical presence and intent to remain indefinitely. An adult who, at least 366 days prior to the residency determination date for the term in which enrollment is contemplated, can demonstrate both physical presence in the state combined with evidence of intent to remain in California indefinitely may establish California residency for tuition purposes. A minor normally derives residency from the parent(s) they reside with or most recently resided with.

Evidence demonstrating intent may vary from case to case but will include, and is not limited to, the absence of residential ties to any other state, California voter registration and voting in California elections, maintaining California vehicle registration and driver's license, maintaining active California bank accounts, filing California income tax returns and listing a California address on federal tax returns, owning residential property or occupying or renting an apartment where permanent belongings are kept, maintaining active memberships in California professional or social organizations, and maintaining a permanent military address and home of record in California.

Nonresident students seeking reclassification are required to complete a supplemental questionnaire that includes questions concerning their financial independence. Financial independence is required, along with physical presence and intent, to be eligible for reclassification. Financial independence is established if in the calendar year the reclassification application is made and in any of the three calendar years preceding the reclassification application the student:

- Has not and will not be claimed as an exemption for state and federal tax purposes by his/her parent;

- Has not and will not receive more than seven hundred and fifty dollars (\$750) per year in financial assistance from his/her parent; and
- Has not lived and will not live longer than six (6) weeks in the home of his/her parent.

A nonresident student who has been appointed as a graduate student teaching assistant, a graduate student research assistant, or a graduate student teaching associate on any CSU campus and is employed on a 0.49 or more time basis is exempt from the financial independence requirement.

Non-citizens establish residency in the same manner as citizens, unless precluded by the Immigration and Nationality Act from establishing domicile in the United States.

Exceptions to the general residency requirements are contained in California Education Code sections 68070-68085 and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41906-41906.6, 41910 and include, but are not limited to, members of the military and their dependents, certain credentialed employees of school districts and most students who have attended three or more years of high school in California and graduated from a high school in California or attained the equivalent of graduation. Whether an exception applies to a particular student cannot be determined before the submission of an application for admission and, as necessary, additional supporting documentation. Because neither campus nor Chancellor's Office staff may give advice on the application of these laws, applicants are strongly urged to review the material for themselves and consult with a legal advisor.

Residency determination dates are set each term. They are:

CalStateTEACH operates on a trimester system. The residence determination dates for CalStateTEACH are as follows:

Fall September 20

Spring January 5

Summer June 1

Students classified as non-residents may appeal a final campus decision within 120 days of notification by the campus. A campus residency classification appeal must be in writing and submitted to:

The California State University
Office of General Counsel
401 Golden Shore, 4th Floor
Long Beach, CA 90802-4210

The Office of General Counsel can either decide the appeal or send the matter back to the campus for further review. Students incorrectly classified as residents or incorrectly granted an exception from nonresident tuition are subject to reclassification as nonresidents and payment of nonresident tuition in arrears. If incorrect classification results from false or concealed facts, the student is also subject to discipline pursuant to Section 41301 of Title 5 of the California Code of Regulations.

Resident students who become nonresidents or who no longer meet the criteria for an exception must immediately notify the Admissions Office. Changes may have been made in the rate of nonresident tuition and in the statutes and regulations governing residency for tuition purposes

in California between the time this information is published and the relevant residency determination date. Students are urged to review the statutes and regulations stated above.

Candidate Conduct

Title 5, California Code of Regulations, § 41301. Standards for Student Conduct.

Campus Community Values

The University is committed to maintaining a safe and healthy living and learning environment for students, faculty, and staff. Each member of the campus community should choose behaviors that contribute toward this end. Students are expected to be good citizens and to engage in responsible behaviors that reflect well upon their university, to be civil to one another and to others in the campus community, and contribute positively to student and university life.

Grounds for Student Discipline

Student behavior that is not consistent with the Student Conduct Code is addressed through an educational process that is designed to promote safety and good citizenship and, when necessary, impose appropriate consequences. The following are the grounds upon which student discipline can be based:

- (1) Dishonesty, including:
 - A. Cheating, plagiarism, or other forms of academic dishonesty that are intended to gain unfair academic advantage.
 - B. Furnishing false information to a University official, faculty member, or campus office.
 - C. Forgery, alteration, or misuse of a University document, key, or identification instrument.
 - D. Misrepresenting one's self to be an authorized agent of the University or one of its auxiliaries.
- (2) Unauthorized entry into, presence in, use of, or misuse of University property.
- (3) Willful, material and substantial disruption or obstruction of a University-related activity, or any on-campus activity.
- (4) Participating in an activity that substantially and materially disrupts the normal operations of the University, or infringes on the rights of members of the University community.
- (5) Willful, material and substantial obstruction of the free flow of pedestrian or other traffic, on or leading to campus property or an off-campus University related activity.
- (6) Disorderly, lewd, indecent, or obscene behavior at a University related activity, or directed toward a member of the University community.

(7) Conduct that threatens or endangers the health or safety of any person within or related to the University community, including physical abuse, threats, intimidation, harassment, or sexual misconduct.

(8) Hazing, or conspiracy to haze. Hazing is defined as any method of initiation or pre-initiation into a student organization or student body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury to any former, current, or prospective student of any school, community college, college, university or other educational institution in this state (Penal Code 245.6), and in addition, any act likely to cause physical harm, personal degradation or disgrace resulting in physical or mental harm, to any former, current, or prospective student of any school, community college, college, university or other educational institution. The term "hazing" does not include customary athletic events or school sanctioned events.

Neither the express or implied consent of a victim of hazing, nor the lack of active participation in a particular hazing incident is a defense. Apathy or acquiescence in the presence of hazing is not a neutral act, and is also a violation of this section.

(9) Use, possession, manufacture, or distribution of illegal drugs or drug- related paraphernalia, (except as expressly permitted by law and University regulations) or the misuse of legal pharmaceutical drugs.

(10) Use, possession, manufacture, or distribution of alcoholic beverages (except as expressly permitted by law and University regulations), or public intoxication while on campus or at a University related activity.

(11) Theft of property or services from the University community, or misappropriation of University resources.

(12) Unauthorized destruction, or damage to University property or other property in the University community.

(13) Possession or misuse of firearms or guns, replicas, ammunition, explosives, fireworks, knives, other weapons, or dangerous chemicals (without the prior authorization of the campus president) on campus or at a University related activity.

(14) Unauthorized recording, dissemination, or publication of academic presentations (including handwritten notes) for a commercial purpose.

(15) Misuse of computer facilities or resources, including:

- a) Unauthorized entry into a file, for any purpose.
- b) Unauthorized transfer of a file.
- c) Use of another's identification or password.

- d) Use of computing facilities, campus network, or other resources to interfere with the work of another member of the University community.
- e) Use of computing facilities and resources to send obscene or intimidating and abusive messages.
- f) Use of computing facilities and resources to interfere with normal University operations.
- g) Use of computing facilities and resources in violation of copyright laws.
- h) Violation of a campus computer use policy.

(16) Violation of any published University policy, rule, regulation or presidential order.

(17) Failure to comply with directions or, or interference with, any University official or any public safety officer while acting in the performance of his/her duties.

(18) Any act chargeable as a violation of a federal, state, or local law that poses a substantial threat to the safety or well-being of members of the University community, to property within the University community or poses a significant threat of disruption or interference with University operations.

(19) Violation of the Student Conduct Procedures, including:

- A. Falsification, distortion, or misrepresentation of information related to a student discipline matter.
- B. Disruption or interference with the orderly progress of a student discipline proceeding.
- C. Initiation of a student discipline proceeding in bad faith.
- D. Attempting to discourage another from participating in the student discipline matter.
- E. Attempting to influence the impartiality of any participant in a student discipline matter.
- F. Verbal or physical harassment or intimidation of any participant in a student discipline matter.
- G. Failure to comply with the sanction(s) imposed under a student discipline proceeding.

(20) Encouraging, permitting, or assisting another to do any act that could subject him or her to discipline.

(c) Procedures for Enforcing This Code

The Chancellor shall adopt procedures to ensure students are afforded appropriate notice and an opportunity to be heard before the University imposes any sanction for a violation of the Student Conduct Code.

(d) Application of This Code

Sanctions for the conduct listed above can be imposed on applicants, enrolled students, students between academic terms, graduates awaiting degrees, and students who withdraw from school while a disciplinary matter is pending. Conduct that threatens the safety or security of the campus community, or substantially disrupts the functions or operation of the University is within the jurisdiction of this Article regardless of whether it occurs on or off campus. Nothing in this Code may conflict with Education Code Section 66301 that prohibits disciplinary action against students based on behavior protected by the First Amendment.

(e) Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws

Anyone who is found to be liable for copyright infringement may be ordered to pay either actual damages suffered as a result of the infringement along with any profits of the infringer attributable to the infringement that are not already taken into account in computing the actual damages, or “statutory” damages between \$750 and \$30,000 per work infringed. In the case of a “willful” infringement, a court may award up to \$150,000 per work infringed. Courts also have discretion to award costs and attorneys’ fees to the prevailing party. (See 17 U.S.C. §504.) Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. Criminal penalties may vary depending on the nature of the offense and whether the infringer has previously been convicted of criminal copyright infringement under 18 U.S.C. §2319. (See 17 U.S.C. §506 and 18 U.S.C. §2319.)

Title 5, California Code of Regulations, § 41302. Disposition of Fees: Campus Emergency; Interim Suspension.

The President of the campus may place on probation, suspend, or expel a student for one or more of the causes enumerated in Section 41301. No fees or tuition paid by or for such student for the semester, quarter, or summer session in which he or she is suspended or expelled shall be refunded. If the student is readmitted before the close of the semester, quarter, or summer session in which he or she is suspended, no additional tuition or fees shall be required of the student on account of the suspension.

During periods of campus emergency, as determined by the President of the individual campus, the President may, after consultation with the Chancellor, place into immediate effect any emergency regulations, procedures, and other measures deemed necessary or appropriate to meet the emergency, safeguard persons and property, and maintain educational activities.

The President may immediately impose an interim suspension in all cases in which there is reasonable cause to believe that such an immediate suspension is required in order to protect lives or property and to insure the maintenance of order. A student so placed on interim suspension shall be given prompt notice of charges and the opportunity for a hearing within 10 days of the imposition of interim suspension. During the period of interim suspension, the student shall not, without prior written permission of the President or designated representative, enter any campus of the California State University other than to attend the hearing. Violation of any condition of interim suspension shall be grounds for expulsion.

Standards for Continued Participation

Once admitted to a teacher education basic credential program of a campus, a student shall continue to satisfy the requirements for admission in Section **41100** and those prescribed by the program. Should the program determine that a student no longer satisfies these requirements or that a student who was admitted as an exception has failed to satisfy a condition of admission, the program may, after notifying and counseling the student, discontinue the student's participation in the teacher education program.

The CalStateTEACH credential program will endeavor to admit only candidates who have demonstrated through the application process that they possess the important characteristics essential to successful educators:

- Respect for all individuals enriched by an understanding of culture and diversity
- Commitment to working collaboratively
- Commitment to lifelong learning
- Wide constellation of knowledge and skills
- Moral character demonstrated through integrity, trustworthiness, honesty, courtesy, open mindedness, and fair and impartial treatment of others.

Persons who are admitted to the credential program and become credential candidates are responsible for meeting the high standards of personal conduct expected of professional educators in all aspects of their participation in the credential program. Candidates are expected to be familiar with the professional standards for teachers (California Standards for the Teaching Profession) and the California State University standards on Student Conduct, Graduate Admission, and Academic Dishonesty. Candidates' continued participation in the CalStateTEACH program is dependent upon their understanding of professional standards and their ability to adhere to these standards.

In order to continue to participate in CalStateTEACH candidates must:

- Maintain the standards of the profession, as well as the laws, regulations and policies governing his/her public school, district, University, campus, and/or program
- Behave in an honest and forthright manner
- Follow standard scholarly practice in giving credit to sources used in assignments
- Follow directions of University faculty and fieldwork and student teaching mentors such as master teachers
- Cooperate and collaborate with faculty, site mentors, and fellow candidates on all aspects of the program
- Maintain successful academic progress by passing all terms and maintaining at least a 3.0 grade point average. No terms for which a grade of F was assigned will be used to meet credential requirements

Credential candidates will be considered for administrative academic disqualification from the program if they:

- Exhibit academic dishonesty as defined by the Program Handbook
- Exhibit inappropriate candidate conduct as defined in the Program Handbook
- Exhibit unacceptable academic, field, pedagogical, and/or clinical performance behaviors
- Fail to meet the standards set by the California Commission on Teacher Credentialing
- Fail to behave according to the standards of the profession, public school, district, University, campus, and/or program

- Fail to demonstrate credentialing competencies

Procedures detailing the disqualification procedures and appeal can be found in the Administrative Academic Disqualification Section in this Program Handbook.

Regional Center/ School Site Violence

Threatening behaviors, acts of aggression, and instances of violence will result in appropriate responses, up to and including dismissal or expulsion, and the pursuit of civil and criminal penalties, as appropriate. Threatening comments to CalStateTEACH faculty, administrators, staff, or fellow candidates will not be tolerated. Violence and threats of violence include, but are not limited to:

- Any act which is physically assaultive
- Any substantial threat to harm or to endanger the safety of others
- Behaviors or actions interpreted by a reasonable person as carrying the potential for violence and/or acts of aggression
- Any substantial threat to destroy property, or possession of a weapon (Penal Code 626.9 prohibits bringing a firearm, knife, or dangerous weapon onto the campus of a public school including the California State University and CalStateTEACH Regional Centers).

It is the responsibility of every Regional Director, Faculty member, Site Mentor (or Cooperating/Master Teacher), staff member, and candidate to take any threats of violence seriously, and report them to the appropriate authority. When confronted by an imminent or actual incident of violence, call 9-1-1 immediately. When presented with a threat of possible violence, action is recommended as follows:

Threats by a CalStateTEACH candidate, Faculty, or staff should be reported immediately to the Regional Director.

Threats from others not affiliated as a candidate or employee should be reported immediately to the Regional Director and the local police.

Controlled Substances

Statement of Conduct on Controlled Substances

The unlawful manufacture, distribution, dispensation, possession, or use of controlled substances is prohibited at any California State University campus or CalStateTEACH Regional Center. Illicit drug use and the abuse of alcohol are prohibited at the worksite and in connection with CalStateTEACH activities and events. Candidates must pursue educational activities, unimpaired by alcohol or other drugs.

Definition of Controlled Substances

Controlled substances are those defined in schedules I through V of Section 202 of the Controlled Substances Act (21 U.S.C. 812) and further defined in regulation at 21 C.F.R. 1308.11-1308.15. Controlled substances include, but are not limited to, substances such as marijuana, heroin, cocaine, LSD and amphetamines.

Disciplinary Action

Violations of the Standards of Conduct stated above will result in the following actions:

1. If a CalStateTEACH candidate is suspected with good reason of the unlawful manufacturing, distributing, dispensing, possessing, or using of controlled substances, other drugs, or alcohol on university property, or in connection with university activities, the university will take appropriate investigatory action as provided for in applicable rules and regulations.
2. If the investigation demonstrates that the suspected action did occur, appropriate candidate disciplinary action will take place up to and including expulsion. In addition, the individual remains subject to legal sanctions imposed by local, State, and Federal law and the university will cooperate as legally required in pertinent investigations. As a condition of program enrollment, the university may require a candidate to satisfactorily complete an appropriate substance abuse treatment program.

Health Risks

Surveys of the major causes of death in the United States reveal that alcohol abuse is the fourth leading cause of death and is a major contributor to the three leading causes of death: heart disease, cancer and stroke. The use of chemical substances during pregnancy has been linked to fetal death and to the permanent mental and physical impairment of infants. The use of other drugs and controlled substances has resulted in permanent impairment and death.

Drug-Free Workplace Policy

The California State University recognizes its responsibility to help provide a safe and productive educational and work environment. The preceding summary complies with the Drug-Free Workplace, and the Drug-Free Schools and Communities Acts. The CalStateTEACH program strongly endorses the Drug-Free legislation and wishes to inform all students of:

- Other health risks associated with alcohol and drug abuse
- Other standards of conduct required of university students
- Other disciplinary action that will result when the policy is violated
- Other help available when treatment is needed

Discipline (Title V, California Code of Regulations)

Inappropriate conduct by CalStateTEACH students or by applicants for admission is subject to discipline as provided in Sections 41301 through 41304 of Title V, California Code of Regulations. Rules of student conduct in these sections are as follows:

Section 41301. Expulsion, Suspension and Probation of Students.

Following procedures consonant with due process established pursuant to Section 41304, any CalStateTEACH candidate may be expelled, suspended, placed on probation or given a lesser sanction for one or more of the following causes which must be CalStateTEACH or CSU-related:

- a. Cheating or plagiarizing in connection with the academic program.
- b. Forgery, alteration, or misuse of campus documents, records, or identification, or knowingly furnishing false information to the program.
- c. Misrepresentation of oneself or of an organization to be an agent of the California State University.
- d. Obstruction or disruption, on or off California State University property, of the program educational process, administrative process, or other functions.
- e. Physical abuse on or off California State University property of the person or property of any member of the university community, or of members of his or her family, or the threat of such physical abuse.
- f. Theft of, or non-accidental damage to, university property, or property in the possession of, or owned by, a member of the university community.
- g. Unauthorized entry into, unauthorized use of, or misuse of university property.
- h. On university property, the sale or knowing possession of dangerous drugs, restricted dangerous drugs, or narcotics as those terms are used in California statutes, except when lawfully prescribed pursuant to medical or dental care, or when lawfully permitted for the purpose of research, instruction, or analysis.
- i. Having possession or use of explosives, dangerous chemicals, or deadly weapons on university property or at a CalStateTEACH function.
- j. Engaging in lewd, indecent, or obscene behavior on university property or at a CalStateTEACH function.
- k. Abusive behavior directed toward, or hazing of, a member of the university community.

l. Violation of any order of a Regional or Systemwide Director, notice of which had been given prior to such violation and during the academic term in which the violation occurs, either by publication on the course website, or by posting on an official bulletin board designated for this purpose, and which order is not inconsistent with any of the other provisions of this Section.

m. Soliciting or assisting another to do any act which would subject a candidate to expulsion, suspension or probation pursuant to this Section.

n. For purposes of this Article, the following terms are defined:

1. The term “member of the university community” is defined as meaning The California State University Trustees, academic, nonacademic, and administrative personnel, program candidates and other persons while such other persons are on campus property or at a campus function.

2. The term “university property” includes: real or personal property in the possession of, or under the control of, the Board of Trustees of The California State University, and all university feeding, retail, or residence facilities whether operated by a university or by a university auxiliary organization.

3. The term “deadly weapons” includes, but is not limited to, any instrument or weapon of the kind commonly known as a blackjack, slingshot, billy, sandclub, sandbag, metal knuckles, any dirk, dagger, switchblade knife, pistol, revolver, or any other firearm, any knife having a blade longer than five inches, any razor with an unguarded blade, and any metal pipe or bar used or intended to be used as a club.

4. The term “behavior” includes conduct and expression.

5. The term “hazing” means any method of initiation into a student organization or any pastime or amusement engaged in with regard to such an organization which causes, or is likely to cause, bodily danger, or physical or emotional harm, to any member of the campus community; but the term “hazing” does not include customary athletic events or other similar contests or competitions.

o. This Section is not adopted pursuant to Education Code Section 89031.

p. Notwithstanding any amendment or repeal pursuant to the resolution by which any provision of this Article is amended, all acts and omissions occurring prior to that effective date shall be subject to the provisions of this Article as in effect immediately prior to such effective date.

Section 41302. Disposition of Fees: University Emergency, Interim Suspension.

The Regional Director may place on probation, suspend, or expel a student for one or more of the causes enumerated in Section 41301. No fees or tuition paid by or for such student for the term in which he or she is suspended or expelled shall be refunded. If the student is readmitted before the close of the term in which he or she is suspended, no additional tuition or fees shall be required of the student on account of the suspension.

During periods of university emergency, as determined by the Regional Director, the Director may, after consultation with the Chancellor, place into immediate effect any emergency

regulations, procedures, and other measures deemed necessary or appropriate to meet the emergency, safeguard persons and property, and maintain educational activities.

The Regional Director may immediately impose an interim suspension in all cases in which there is reasonable cause to believe that such an immediate suspension is required in order to protect lives or property and to insure the maintenance of order. A CalStateTEACH candidate placed on interim suspension shall be given prompt notice of charges and the opportunity for a hearing within 10 days of the imposition of interim suspension. During the period of interim suspension, the CalStateTEACH candidate shall not, without prior written permission of the Regional Director or designated representative, enter any campus of The California State University other than to attend the hearing. Violation of any condition of interim suspension shall be grounds for expulsion.

Section 41303. Conduct by Applicants for Admission.

Notwithstanding any provision to the contrary, admission or readmission may be qualified or denied to any person who, while not enrolled as a candidate commits acts which, were he or she enrolled as a candidate, would be the basis for disciplinary proceedings pursuant to Sections 41301 or 41302. Admission or readmission may be qualified or denied to any person who, while a program candidate, commits acts which are subject to disciplinary action pursuant to Section 41301 or Section 41302. Qualified admission or denial of admission in such cases shall be determined under procedures adopted pursuant to Section 41304.

Section 41304. Student Disciplinary Procedures for the California State University.

The Chancellor shall prescribe, and may from time to time revise, a code of student disciplinary procedures for The California State University. Subject to other applicable law, this code shall provide for determinations of fact and sanctions to be applied for conduct which is a ground of discipline under Sections 41301 or 41302, and for qualified admission or denial of admission under Section 41303; the authority of the Systemwide and Regional Director in such matters; conduct related determinations on financial aid eligibility and termination; alternative kinds of proceedings, including proceedings conducted by a Hearing Officer; time limitations; notice; conduct of hearings, including provisions governing evidence, a record, and review; and such other related matters as may be appropriate. The Chancellor shall report to the Board actions taken under this section.

Other CalStateTEACH and CSU Policies

Immigration Requirements for Licensure

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193), also known as the Welfare Reform Act, includes provisions to eliminate eligibility for federal and state public benefits for certain categories of lawful immigrants as well as benefits for all illegal immigrants.

Students who will require a professional or commercial license provided by a local, state, or federal government agency in order to engage in an occupation for which the CSU may be training them must meet the immigration requirements of the Personal Responsibility and Work Opportunity Reconciliation Act to achieve licensure. Information concerning the regulation these requirements are available from (Fresno: Financial Aid Office 559.278.2182).

Candidates must meet the immigration requirements of the Personal Responsibility and Work Opportunity Reconciliation Act to obtain a California Teaching Credential.

Privacy Rights of Students in Education Records (FERPA)

The federal Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232g) and regulations adopted there under (34 C.F.R. 99) set out requirements designed to protect students' privacy in their records maintained by the campus. The statute and regulations govern access to certain student records maintained by the campus and the release of such records. The law provides that the campus must give students access to most records directly related to the student and must also provide opportunity for a hearing to challenge the records if the student claims they are inaccurate, misleading, or otherwise inappropriate. The right to a hearing under this law does not include any right to challenge the appropriateness of a grade determined by the instructor. The law generally requires the institution to receive a student's written consent before releasing personally identifiable data about the student. The institution has adopted a set of policies and procedures governing implementation of the statute and the regulations. Copies of these policies and procedures may be obtained at the Regional Center. Among the types of information included in the campus statement of policies and procedures are: (1) the types of student records maintained and the information they contain; (2) the official responsible for maintaining each type of record; (3) the location of access lists indicating persons requesting or receiving information from the record; (4) policies for reviewing and expunging records; (5) student access rights to their records; (6) the procedures for challenging the content of student records; (7) the cost to be charged for reproducing copies of records; and (8) the right of the student to file a complaint with the Department of Education. The Department of Education has established an office and review board to investigate complaints and adjudicate violations. The designated office is: Office of the Chief Privacy Officer, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920.

CalStateTEACH is authorized under the Act to release "directory information" concerning students. "Directory information" may include the student's name, address, telephone listing,

electronic mail address, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, grade level, enrollment status, degrees, honors, and awards received, and the most recent previous educational agency or institution attended by the student. The above-designated information is subject to release by the campus at any time unless the campus has received prior written objection from the student specifying what information the student requests not be released. Written objections should be sent to the Regional Center Office.

The campus is authorized to provide access to student records to campus officials and employees who have legitimate educational interests in such access. These persons have responsibilities in the campus's academic, administrative or service functions and have reason for accessing student records associated with their campus or other related academic responsibilities. Student records may also be disclosed to other persons or organizations under certain conditions (e.g., as part of the accreditation or program evaluation; in response to a court order or subpoena; in connection with financial aid; or to other institutions to which the student is transferring).

Nondiscrimination Policy

Ethnicity, National Origin, Age, Genetic Information, Religion and Veteran Status

The California State University does not discriminate on the basis of Age, Genetic Information, Marital Status, Medical Condition, Nationality, Race or Ethnicity (including color and ancestry), Religion (or religious creed), and Veteran or Military Status in its programs and activities, including admission and access. Federal and state laws, including Title VI of the Civil Rights Act of 1964 and the California Equity in Higher Education Act, prohibit such discrimination. Your Regional Director and the following at your regional center: Fresno: Office of the Vice President for Student Affairs and Dean of Students has been designated to coordinate the efforts of your host campus and CalStateTEACH to comply with all applicable federal and state laws prohibiting discrimination on these bases. Inquiries concerning compliance may be addressed to The CalStateTEACH Systemwide Director of CalStateTEACH at The California State University, 401 Golden Shore, Long Beach, CA 90802. CSU Executive Order 1097 Revised October 5, 2016 (www.calstate.edu/EO/EO-1097-rev-10-5-16.pdf) is the systemwide procedure for all complaints of discrimination, harassment or retaliation made by students against the CSU, a CSU employee, other CSU students or a third party.

CalStateTEACH complies with the requirements of Title VI of the Civil Rights Act of 1964, as amended, Title IX of the Educational Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, and the American Disabilities Act of 1990, including all subsequent amendments and administrative regulations adopted there under by the Department of Education. <https://calstate.policystat.com/policy/10926024/latest/>

Disability

The California State University does not discriminate on the basis of Disability (physical and mental) in its programs and activities, including admission and access. Federal laws, including sections 504 and 508 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, prohibit such discrimination. Your Regional Director and the following at your regional center: Fresno: Janice Brown, director of Services for Students with Disabilities, 559-278-2811;

and has been designated to coordinate the efforts of CalStateTEACH to comply with all applicable federal and state laws prohibiting discrimination on the basis of disability. Inquiries concerning compliance may be addressed to The CalStateTEACH Systemwide Director of CalStateTEACH at The California State University, 401 Golden Shore, Long Beach, CA 90802. CSU Executive Order 1097 Revised October 5, 2016 (<https://www.calstate.edu/csu-system/administration/chancellors-office-human-resource-services/Pages/policies/equal-employment-opportunity.aspx>) is the systemwide procedure for all complaints of discrimination, harassment or retaliation made by students against the CSU, a CSU employee, other CSU students or a third party.

Sex/Gender/Gender Identity/Gender Expression/Sexual Orientation

The California State University does not discriminate on the basis of sex, gender, gender identity, gender expression or sexual orientation in its programs and activities, including admission and access. Federal and state laws, including Title IX of the Education Amendments of 1972 prohibit such discrimination.

Your Regional Director and the following at your regional center: Fresno: Office of the Vice President for Student Affairs and Dean of Students; and Los Angeles: Office for Diversity and Equity, have been designated to coordinate the efforts of CalStateTEACH to comply with all applicable federal and state laws prohibiting discrimination on these bases. Inquiries concerning compliance may be addressed to The CalStateTEACH Systemwide Director of CalStateTEACH at The California State University, 401 Golden Shore, Long Beach, CA 90802.

Title IX of the Education Amendments of 1972 protects all people regardless of their gender or gender identity from sex discrimination, which includes sexual harassment and violence:

- **Gender discrimination** means an adverse act taken against an individual because of Gender or sex (including sexual harassment, sexual misconduct, domestic violence, dating violence, and stalking) that is perpetrated against an individual on a basis prohibited by Title IX of the Education Amendments of 1972, 20 U.S.C. §1681 et seq., and its implementing regulations, 34 C.F.R. Part 106 (Title IX); California Education Code §66250 et seq., and/or California Government Code §11135.
- **Sexual harassment**, a form of sex discrimination, is unwelcome verbal, nonverbal or physical conduct of a sexual nature that includes, but is not limited to, sexual advances, requests for sexual favors, and any other conduct of a sexual nature where:
 1. Submission to, or rejection of, the conduct is explicitly or implicitly used as the basis for any decision affecting a Complainant's academic status or progress, or access to benefits and services, honors, programs, or activities available at or through the University; or
 2. The conduct is sufficiently severe, persistent or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the Complainant, and is in fact considered by the Complainant, as limiting his or her ability to participate in or benefit from the services, activities or opportunities offered by the University; or
 3. The conduct is sufficiently severe, persistent or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the Complainant,

and is in fact considered by the Complainant, as creating an intimidating, hostile or offensive environment.

Sexual Harassment could include being forced to engage in unwanted sexual contact as a condition of membership in a student organization; being subjected to video exploitation or a campaign of sexually explicit graffiti; or frequently being exposed to unwanted images of a sexual nature in a classroom that are unrelated to the coursework.

Sexual Harassment also includes acts of verbal, non-verbal or physical aggression, intimidation or hostility based on Gender or sex-stereotyping, even if those acts do not involve conduct of a sexual nature.

Executive Order 1097 covers unwelcome conduct of a sexual nature. While romantic, sexual, intimate, personal or social relationships between members of the University community may begin as consensual, they may evolve into situations that lead to Sexual Harassment or Sexual Misconduct, including Dating or Domestic Violence, or Stalking, subject to this policy. Claiming that the conduct was not motivated by sexual desire is not a defense to a complaint of harassment based on Gender.

Sexual violence is a form of sexual harassment and means physical sexual acts, such as unwelcome sexual touching, sexual assault, sexual battery, rape, domestic violence, dating violence, and stalking (when based on gender or sex) perpetrated against an individual against his or her will and without consent or against an individual who is incapable of giving consent due to that individual's use of drugs or alcohol, status as a minor, or disability. Sexual violence may include physical force, violence, threat, or intimidation, ignoring the objections of the other person, causing the other person's intoxication or incapacitation through the use of drugs or alcohol, or taking advantage of the other person's incapacitation (including voluntary intoxication). Men as well as women can be victims of these forms of sexual violence. Unlawful sexual intercourse with a minor (statutory rape) occurs even if the intercourse is consensual when the victim is under 18 years old, because the victim is considered incapable of giving legal consent due to age.

Sexual misconduct: All sexual activity between members of the University community must be based on affirmative consent. Engaging in any sexual activity without first obtaining affirmative consent to the specific activity is sexual misconduct, whether or not the conduct violates any civil or criminal law. Sexual activity includes, but is not limited to, kissing, touching intimate body parts, fondling, intercourse, penetration of any body part, and oral sex. It also includes any unwelcome physical acts, such as unwelcome sexual touching, sexual assault, sexual battery, rape, and dating violence. When based on gender, domestic violence or stalking also constitutes sexual misconduct. Sexual misconduct may include using physical force, violence, threat or intimidation, ignoring the objections of the other person, causing the other person's intoxication or incapacitation through the use of drugs or alcohol, or taking advantage of the other person's incapacitation (including voluntary intoxication) to engage in sexual activity. Men as well as women can be victims of these forms of sexual misconduct. Sexual activity with a minor is never consensual when the complainant is under 18 years old, because the minor is considered incapable of giving consent.

Sexual assault is a form of sexual misconduct and is an attempt, coupled with the ability, to commit a violent injury on the person of another because of that person's gender or sex.

Sexual battery is a form of sexual misconduct and is any willful and unlawful use of force or violence upon the person of another because of that person's gender or sex as well as touching an intimate part of another person against that person's will and for the purpose of sexual arousal, gratification or abuse.

Rape is a form of sexual misconduct and is non-consensual sexual intercourse that may also involve the use of threat of force, violence, or immediate and unlawful bodily injury or threats of future retaliation and duress. Any sexual penetration, however slight, is sufficient to constitute rape. Sexual acts including intercourse are considered non-consensual when a person is incapable of giving consent because s/he is incapacitated from alcohol and/or drugs, is under 18 years old, or if a mental disorder or developmental or physical disability renders the person incapable of giving consent. The respondent's relationship to the person (such as family member, spouse, friend, acquaintance or stranger) is irrelevant.

Acquaintance rape is a form of sexual misconduct committed by an individual known to the victim. This includes a person the victim may have just met; i.e., at a party, introduced through a friend, or on a social networking website.

Affirmative consent means an informed, affirmative, conscious, voluntary, and mutual agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that s/he has the affirmative consent of the other participant(s) to engage in the sexual activity. Lack of protest or resistance does not mean consent nor does silence mean consent. Affirmative consent must be voluntary, and given without coercion, force, threats or intimidation.

- The existence of a dating or social relationship between those involved, or the fact of past sexual activities between them, should never by itself be assumed to be an indicator of affirmative consent. A request for someone to use a condom or birth control does not, in and of itself, constitute affirmative consent.
- Affirmative consent can be withdrawn or revoked. Consent to one form of sexual activity (or sexual act) does not constitute consent to other forms of sexual activity. Consent given to sexual activity on one occasion does not constitute consent on another occasion. There must always be mutual and affirmative consent to engage in sexual activity. Consent must be ongoing throughout a sexual activity and can be revoked at any time, including after penetration. Once consent is withdrawn or revoked, the sexual activity must stop immediately.
- A person who is incapacitated cannot give affirmative consent. A person is unable to consent when s/he is asleep, unconscious or is incapacitated due to the influence of drugs, alcohol, or medication so that s/he could not understand the fact, nature or extent of the sexual activity. A person is incapacitated if s/he lacks the physical and/ or mental ability to make informed, rational decisions. Whether an intoxicated person (as a result of using alcohol or other drugs) is incapacitated depends on the extent to which the alcohol or other drugs impact the person's decision-making capacity, awareness of consequences, and ability to make fully informed judgments. A person's own intoxication or incapacitation from drugs or alcohol does not diminish that person's responsibility to obtain affirmative consent before engaging in sexual activity.
 - A person with a medical or mental disability may also lack the capacity to give consent.
 - Sexual activity with a minor (a person under 18 years old) is not consensual, because a minor is considered incapable of giving legal consent due to age.

- It shall not be a valid excuse that a person affirmatively consented to the sexual activity if the respondent knew or reasonably should have known that the person was unable to consent to the sexual activity under any of the following circumstances:
- The person was asleep or unconscious;
- The person was incapacitated due to the influence of drugs, alcohol or medication, so that the person could not understand the fact, nature or extent of the sexual activity;
- The person was unable to communicate due to a mental or physical condition.
- It shall not be a valid excuse that the respondent believed that the person consented to the sexual activity under either of the following circumstances:
- The respondent's belief in affirmative consent arose from the intoxication or recklessness of the respondent;
- The respondent did not take reasonable steps, in the circumstances known to the respondent at the time, to ascertain whether the person affirmatively consented.

Consensual relationships: Consensual relationship means a sexual or romantic relationship between two persons who voluntarily enter into a relationship. While sexual and/or romantic relationships between members of the University community may begin as consensual, they may evolve into situations that lead to discrimination, harassment, retaliations, sexual misconduct, dating or domestic violence, or stalking.

- A university employee shall not enter into a consensual relationship with a student or employee over whom s/he exercises direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority. In the event such a relationship already exists, each campus shall develop a procedure to reassign such authority to avoid violations of policy.
- This prohibition does not limit the right of an employee to make a recommendation on the personnel matters concerning a family or household member where the right to make a recommendations on such personnel matters is explicitly provided for in the applicable bargaining agreement or MPP/confidential personnel plan.

Domestic violence is abuse committed against someone who is a current or former spouse, current or former cohabitant, someone with whom the abuser has a child, someone with whom the abuser has or had a dating or engagement relationship, or a person similarly situated under California domestic or family violence law. Cohabitant means two unrelated persons living together for a substantial period of time, resulting in some permanency of relationship. It does not include roommates who do not have a romantic, intimate, or sexual relationship. Factors that may determine whether persons are cohabiting include, but are not limited to (1) sexual relations between the parties while sharing the same living quarters, (2) sharing of income or expenses, (3) joint use or ownership of property, (4) whether the parties hold themselves out as husband and wife, (5) the continuity of the relationship, and (6) the length of the relationship. For purposes of this definition, "abuse" means intentionally or recklessly causing or attempting to cause bodily injury or placing another person in reasonable apprehension of imminent serious bodily injury to himself or herself, or another. Abuse does not include non-physical, emotional distress or injury.

Dating violence is abuse committed by a person who is or has been in a social or dating relationship of a romantic or intimate nature with the victim. This may include someone the victim just met; i.e., at a party, introduced through a friend, or on a social networking website. For purposes of this definition, "abuse" means intentionally or recklessly causing or attempting to cause bodily injury or placing another person in reasonable apprehension of imminent serious

bodily injury to himself or herself, or another. Abuse does not include non-physical, emotional distress or injury.

Stalking means a repeated course of conduct directed at a specific person that would cause a reasonable person to fear for his/her or others' safety or to suffer substantial emotional distress. For purposes of this definition:

- Course of conduct means two or more acts, including but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveys, threatens, or communicates to or about a person, or interferes with a person's property;
- Reasonable person means a reasonable person under similar circumstances and with the same protected status as the complainant;
- Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Whom to Contact If You Have Complaints, Questions or Concerns

Title IX requires the university to designate a Title IX Coordinator to monitor and oversee overall Title IX compliance. Your campus Title IX Coordinator is available to explain and discuss your right to file a criminal complaint (for example, in cases of sexual violence); the university's complaint process, including the investigation process; how confidentiality is handled; available resources, both on and off campus; and other related matters. ***If you are in the midst of an emergency, please call the police immediately by dialing 9-1-1.***

Your Regional Director and the following at your regional center: Fresno: Office of the Vice President for Student Affairs and Dean of Students has been designated to coordinate the efforts of CalStateTEACH to comply with all applicable federal and state laws prohibiting discrimination on these bases. Inquiries concerning compliance may be addressed to The CalStateTEACH Systemwide Director of CalStateTEACH at The California State University, 401 Golden Shore, Long Beach, CA 90802.

U.S. Department of Education, Office for Civil Rights:

- (800) 421-3481 or ocr@ed.gov
- If you wish to fill out a complaint form online with the OCR, you may do so at: <http://www2.ed.gov/about/offices/list/ocr/complaintintro.html>.

Title IX requires the university to adopt and publish complaint procedures that provide for prompt and equitable resolution of sex discrimination complaints, including sexual harassment and violence as well as provide training, education and preventive measures related to sex discrimination. CSU Executive Order 1074 (<http://www.calstate.edu/eo/EO-1074.pdf>) is the systemwide procedure for all complaints of discrimination, harassment or retaliation ***made by students*** against the CSU, a CSU employee, other CSU students or a third party.

Except in the case of a privilege recognized under California law (examples of which include Evidence Code §§1014 (psychotherapist-patient); 1035.8 (sexual assault counselor-victim); and 1037.5 (domestic Title IX requires the university to adopt and publish complaint procedures that provide know of sexual discrimination allegations shall promptly inform the campus Title IX Coordinator. (See confidential reporting options outlined below.)

Regardless of whether an alleged victim of sexual discrimination ultimately files a complaint, if the campus knows or has reason to know about possible sexual discrimination, harassment or violence, it must review the matter to determine if an investigation is warranted. The campus must then take appropriate steps to eliminate any sex discrimination/harassment, prevent its recurrence, and remedy its effects.

Safety of the Campus Community is Primary

The university's primary concern is the safety of its campus community members. The use of alcohol or drugs never makes the victim at fault for sexual discrimination, harassment or violence; therefore, victims should not be deterred from reporting incidents of sexual violence out of a concern that they might be disciplined for related violations of drug, alcohol or other university policies. Except in extreme circumstances, victims of sexual violence shall not be subject to discipline for related violations of the Student Conduct Code.

Information Regarding Campus, Criminal and Civil Consequences of Committing Acts of Sexual Violence

Individuals alleged to have committed sexual assault may face criminal prosecution by law enforcement and may incur penalties as a result of civil litigation. In addition, employees and students may face discipline at the university. Employees may face sanctions up to and including dismissal from employment, pursuant to established CSU policies and provisions of applicable collective bargaining unit agreements.

Students who are charged by the university with sexual discrimination, harassment or violence will be subject to discipline, pursuant to the California State University Student Conduct Procedures (see Executive Order 1098 at <http://www.calstate.edu/eo/EO-1073.pdf> or any successor executive order) and will be subject to appropriate sanctions. In addition, during any investigation, the university may implement interim measures in order to maintain a safe and non-discriminatory educational environment. Such measures may include: immediate interim suspension from the university; a required move from university-owned or affiliated housing; adjustments to course schedule; and/or prohibition from contact with parties involved in the alleged incident.

Confidentiality and Sexual Violence, Dating Violence, Domestic Violence and Stalking

The University encourages victims of sexual violence, dating violence, domestic violence, or stalking (collectively sexual Violence) to talk to someone about what happened – so they can get the support they need, and so the University can respond appropriately. Whether – and the extent to which – a University employee may agree to maintain confidentiality (and not disclose information to the Title IX Coordinator) depends on the employee's position and responsibilities at the University. The following information is intended to make victims aware of the various reporting and confidential disclosure options available to them – so they can make informed choices about where to turn for help. The University strongly encourages victims to talk to someone identified in one or more of these groups.

Certain University employees, listed below, are required by law to maintain near or complete confidentiality; talking to them is sometimes called a "privileged communication." University law enforcement employees may maintain the victim's identity as confidential, if requested by the victim, but will report the facts of the incident to the Title IX Coordinator, including the identity of

the perpetrator. Most other University employees are required to report all details of a Sexual Violence incident (including the identities of both the victim and alleged perpetrator) to the Title IX Coordinator so the University can take immediate action to protect the victim, and take steps to correct and eliminate the cause of Sexual Violence.

University Police, the Title IX Coordinator, University-employed physicians, professional counselors, sexual assault and domestic violence counselors and advocates, and certain other University employees are required to explain to victims their rights and options with respect to confidentiality.

Privileged and Confidential Communications

Physicians, Psychotherapists, Professional Counselors and Clergy – Physicians, psychotherapists, professional, licensed counselors, and clergy who work or volunteer on or off campus, and who provide medical or mental health treatment or counseling (including those who act in that role under their supervision) may not report any information about an incident of sexual violence to anyone else at the University, including the Title IX Coordinator, without the victim's consent. A victim can seek assistance and support from physicians, psychotherapists, professional, licensed counselors, and clergy without triggering a University investigation that could reveal the victim's identity or the fact of the victim's disclosure. *However, see limited exceptions below regarding when health care practitioners must report to local law enforcement agencies. Health care practitioners should explain these limited exceptions to victims, if applicable.*

Sexual Assault and Domestic Violence Counselors and Advocates – Sexual assault and domestic violence counselors and advocates who work or volunteer on or off campus in sexual assault centers, victim advocacy offices, women's centers, and health centers (including all individuals who work or volunteer in these centers and offices, as well as non-professional counselors or advocates, and those who act in that role under their supervision) may talk to a victim without revealing any information about the victim and the incident of sexual violence to anyone else at the University, including the Title IX Coordinator, without the victim's consent. A victim can seek assistance and support from these counselors and advocates without triggering a University investigation that could reveal his/her identity or that a victim disclosed an incident to them. *However, see limited exceptions below regarding when sexual assault and domestic violence counselors and advocates must report to local law enforcement agencies. Counselors and advocates should explain these limited exceptions to victims, if applicable.*

The University will be unable to conduct an investigation into a particular incident or pursue disciplinary action against a perpetrator if a victim chooses to (1) speak only to a physician, professional counselor, clergy member, sexual assault counselor, domestic violence counselor or advocate; and (2) maintain complete confidentiality. Even so, these individuals will assist victims in receiving other necessary protection and support, such as victim advocacy, disability, medical/health or mental health services, or legal services, and will advise victims regarding their right to file a Title IX complaint with the University and a separate complaint with local or University police. If a victim insists on confidentiality, such professionals, counselors and advocates will likely not be able to assist the victim with: University academic support or accommodations; changes to University-based living or working schedules; or adjustments to

course schedules. A victim who at first requests confidentiality may later decide to file a complaint with the University or report the incident to the police, and thus have the incident fully investigated. These counselors and advocates can provide victims with that assistance if requested by the victim. These counselors and advocates will also explain that Title IX includes protections against retaliation, and that the University will not only take steps to prevent retaliation when it knows or reasonably should know of possible retaliation, but will also take strong responsive action if it occurs.

EXCEPTIONS: Under California law, any health practitioner employed in a health facility, clinic, physician's office, or local or state public health department or clinic is required to make a report to local law enforcement if he or she provides medical services for a **physical condition** to a patient/victim who he or she knows or reasonably suspects is suffering from (1) a wound or physical injury inflicted by a firearm; or (2) any wound or other physical injury inflicted upon a victim where the injury is the result of assaultive or abusive conduct (including Sexual Violence, Domestic Violence, and Dating Violence). This exception does **not** apply to sexual assault and domestic violence counselors and advocates. Health care practitioners should explain this limited exception to victims, if applicable.

Additionally, under California law, **all** professionals described above (physicians, psychotherapists, professional counselors, clergy, and sexual assault and domestic violence counselors and advocates) are mandatory child abuse and neglect reporters and are required to report incidents involving victims under 18 years of age to local law enforcement. These professionals will explain this limited exception to victims, if applicable.

Finally, some or all of these professionals may also have reporting obligations under California law to (1) local law enforcement in cases involving threats of immediate or imminent harm to self or others where disclosure of the information is necessary to prevent the threatened danger; or (2) to the court if compelled by court order or subpoena in a criminal proceeding related to the Sexual Violence incident. If applicable, these professionals will explain this limited exception to victims.

Reporting to University or Local Police

If a victim reports to local or University Police about sexual violence, the police are required to notify victims that their names will become a matter of public record **unless confidentiality is requested**. If a victim requests that his/her identity be kept confidential, his/her name will not become a matter of public record and the police will not report the victim's identity to anyone else at the University, including the Title IX Coordinator. University Police will, however, report the facts of the incident itself to the Title IX Coordinator being sure not to reveal to the Title IX Coordinator victim's names/identities or compromise their own criminal investigation. The University is required by the federal Clery Act to report certain types of crimes (including certain sex offenses) in statistical reports. However, while the University will report the **type** of incident in the annual crime statistics report known as the Annual Security Report, victim names/identities will not be revealed.

Reporting to the Title IX Coordinator and Other University Employees

Most University employees have a duty to report sexual violence incidents when they are on notice of it. When a victim tells the Title IX Coordinator or another University employee about a sexual violence incident, the victim has the right to expect the University to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably. ***In all cases, the University strongly encourages victims to report sexual violence directly to the campus Title IX Coordinator.*** As detailed above in the Privileged and Confidential Communications section of this policy, all University employees **except** physicians, licensed counselors, sexual assault counselors and advocates, must report to the Title IX Coordinator all relevant details about any sexual violence incidents of which they become aware. The University will need to determine what happened – and will need to know the names of the victim(s) and the perpetrator(s), any witnesses, and any other relevant facts, including the date, time and specific location of the incident.

To the extent possible, information reported to the Title IX Coordinator or other University employees will be shared only with individuals responsible for handling the University's response to the incident. The University will protect the privacy of individuals involved in a sexual violence incident except as otherwise required by law or University policy. A Sexual Violence report may result in the gathering of extremely sensitive information about individuals in the campus community. While such information is considered confidential, University policy regarding access to public records and disclosure of personal information may require disclosure of certain information concerning a report of sexual violence. In such cases, efforts will be made to redact the records, as appropriate, in order to protect the victim's identity and privacy and the privacy of other involved individuals. Except as detailed in the section on Privileged and Confidential Communications above, no University employee, including the Title IX Coordinator, should disclose the victim's identity to the police without the victim's consent or unless the victim has also reported the incident to the police.

If a victim requests of the Title IX Coordinator or another University employee that his/her identity remain completely confidential, the Title IX Coordinator will explain that the University cannot always honor that request and guarantee complete confidentiality. If a victim wishes to remain confidential or request that no investigation be conducted or disciplinary action taken, the University must weigh that request against the University's obligation to provide a safe, non-discriminatory environment for all students, employees, and third parties, including the victim. Under those circumstances, the Title IX Coordinator will determine whether the victim's request for complete confidentiality and/or no investigation can be honored under the facts and circumstances of the particular case, including whether the University has a legal obligation to report the incident, conduct an investigation or take other appropriate steps. Without information about a victim's identity, the University's ability to meaningfully investigate the incident and pursue disciplinary action against the perpetrator may be severely limited. See Executive Order 1095 for further details around confidential reporting, and other related matters (<http://www.calstate.edu/EO/EO-1095.pdf>).

Inquiries Concerning Compliance

Inquiries concerning compliance or the application of these laws to programs and activities of CalStateTEACH may be referred to the specific campus officer(s) identified above.

Protection of Human Subjects Policy

Research involving human subjects must be administered in a manner consistent with the protection of human subjects. Filming of students within the K-12 classroom requires the express written permission of the underage children's parents or legal guardians. If a video of the candidate's teaching is required for an activity, any student whose parents have withheld permission for filming should be seated outside of the camera's view. If a candidate records students without express written permission or shares that video outside of the appropriate Program sites, the candidate will be disqualified.

Civil and Criminal Penalties for Violation of Federal Copyrights Law

Anyone who is found to be liable for copyright infringement may be ordered to pay either actual damages suffered as a result of the infringement along with any profits of the infringer attributable to the infringement that are not already taken into account in computing the actual damages, or "statutory" damages between \$750 and \$30,000 per work infringed. In the case of a "willful" infringement, a court may award up to \$150,000 per work infringed (see 17 U.S.C. §504). Courts also have discretion to award costs and attorneys' fees to the prevailing party (see 17 U.S.C. §505). Willful copyright infringement can also result in criminal penalties, including imprisonment and fines. (See 17 U.S.C. §506 and 18 U.S.C. §2319).

Use of Social Security Number

Applicants are required to include their correct social security numbers in designated places on applications for admission pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code (26 U.S.C. 6109). The University uses the social security number to identify students and their records including identification for purposes of financial aid eligibility and disbursement and the repayment of financial aid and other debts payable to the institution. Also, the Internal Revenue Service requires the University to file information returns that include the student's social security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. This information is used by the IRS to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes.

Conflict of Interest

Each individual member of the university community is responsible for acting in an ethical and professional manner. This responsibility includes avoiding conflict of interest, conducting research and instruction in an ethical manner, and protecting the rights of all individuals. All members of the community, including members of the faculty, administration, student body, and staff, should conduct themselves with the greatest professional objectivity.

University employees must perform in a safe and productive manner. Violations of this policy will result in appropriate disciplinary action, up to and including termination or expulsion from the CalStateTEACH program.

Career Placement

The CalStateTEACH Program may furnish, upon request, information about the employment of students who graduate from its teacher preparation program. Any such data provided must be in a form that does not allow for the identification of any individual student. This information includes data concerning the average starting salary and the percentage of previously enrolled students who obtained employment. The information may include data collected from either graduates of the campus or graduates of all campuses in the California State University system.

Average Support Cost per Full-Time Equivalent Student and Sources of Funds

The total support cost per full-time equivalent student (FTES) includes the expenditures for current operations, including payments made to students in the form of financial aid, and all fully reimbursed programs contained in state appropriations. The average support cost is determined by dividing the total cost by the number of FTES. The total CSU 2024-25 budget amounts were \$4,894,339,000 from state General Fund (GF) and before adding \$36.8 million CalPERS retirement adjustment, \$3,343,460,000 from tuition fee revenue and after tuition fee discounts (forgone revenue), and \$340,560,000 from other fee revenues for a total of \$8,578,359,000.

The average CSU 2024-25 academic year, resident, undergraduate student basic tuition fee and other mandatory fees required to apply to, enroll in, or attend the university is \$8,431 (\$6,450 tuition fee plus \$1,981 average campus-based fees). However, the costs paid by individual students will vary depending on campus, program, and whether a student is part-time, full-time, resident, or nonresident.

Student Complaint Procedure

The California State University takes complaints and concerns regarding the institution very seriously. If you have a complaint regarding the CSU, you may present your complaint as follows:

1. If your complaint concerns CSU's compliance with academic program quality and accrediting standards, you may present your complaint to the Western Association of Schools and Colleges (WASC) at <https://www.wscuc.org/resources/comments/>. WASC is the agency that accredits the CSU's academic program.
2. If your complaint concerns an alleged violation by CalStateTEACH of a state law, including laws prohibiting fraud and false advertising, you may present your claim to the Systemwide Director, Dr. Ernest Black, eblack@calstate.edu. The Systemwide Director will provide guidance on the appropriate Program process for addressing your issue.

If you believe that your complaint warrants further attention after you have exhausted all the steps outlined by the Systemwide Director, or by WASC, you may file an appeal with the Associate Vice Chancellor, Academic Affairs at the CSU Chancellor's Office. This procedure should not be construed to limit any right that you may have to take civil or criminal legal action to resolve your complaint.

Student Terms of Agreement

Read the Student Terms of Agreement carefully and sign below.

Make a copy for yourself and send the signed original with your registration materials to your Regional Center.

As a CalStateTEACH student, I hereby accept the following requirements and understand that:

- The *Program Handbook* provides information on grading, withdrawal, probation and disqualification policies, intern credential eligibility, and field experience requirements. It also provides information concerning policies on personal conduct, sexual harassment, equal opportunity and various other subjects. It is accessible on the CalStateTEACH course website (<https://calstateteach.instructure.com/login>) and I acknowledge that it is my responsibility to review these policies once I have gained access to the course website.
- All fieldwork and student teaching placements will be made by my faculty in collaboration with school district officials. While I may express a preference for a school, the decision remains with the CalStateTEACH program.
- I will not be allowed to complete my fieldwork in a school where my children or other relatives are either enrolled or employed without the express approval of my Faculty and Regional Director.
- If I am a private school teacher, I must participate in a placement in a public school classroom for at least a five-week duration to meet CTC requirements.
- I will be unable to register for courses if subject matter competency is not met prior to initial student teaching.
- I must meet the basic skills requirement prior to registration for any course.
- Videos created for any program assignment are to be uploaded only to the CalStateTEACH learning management system. Sharing videos that include students in any other venue is grounds for program disqualification.
- There is a mandatory charge of \$1,000.00 for course materials to be paid at the beginning of Term 1/1A. The fee will entitle me to receive an iPad and the electronic texts to be used in the program.
- I can only receive a refund of the materials fee if I officially drop from the CalStateTEACH program within 10 business days of the start of Term 1 or 1A.
- If I drop from Term 1 or Term 1A after 10 business days from the start of the term I will be responsible for paying for the entire cost of the materials.
- If I drop from the program, I am subject to the refund of tuition fees policy of the host campus of my Regional Center.
- I must meet a Technology Competence Requirement every term by completing the competency demonstration tasks.
- My faculty may discuss my progress in the CalStateTEACH program with my school site mentor and/or principal and/or other relevant officials of the district in which I am placed.
- I must maintain regular communication with my assigned faculty and school site mentors and respond professionally to email and telephone messages.
- I must use my CalStateTEACH email address for any program communications.
- I am required to pay the testing fees for the required Teacher Performance Assessment (TPA).

Print Name	Signature and Date

Please keep a copy and send the signed original to your Regional Center.

TERMS OF USE

CalStateTEACH Google Space Community

- Use only CalStateTEACH email G Suite to participate in the Google Space Community established by your faculty. Do not use any outside gmail accounts you have.
- CalStateTEACH Google Space Community members will show respect to all participants, responding to ideas and refraining from personal evaluative statements. (ie. Comment on the idea, not the person.)
- Contributions will be limited to classroom teaching context, pedagogy, or philosophies.
- Appropriate attribution of content is required (e.g. names of websites, authors, apps).
- No images of children's faces will be seen in pictures posted as per signed use agreement.

GOAL

Google Space Community will be used as a collaborative platform to explore teaching and advance a professional skill set, mindset, and tool set.

REQUIREMENTS FOR ONLINE PARTICIPATION: GOOGLE SPACE COMMUNITY AND EMAIL:

- Candidates will complete all assignments that specify Google Space Community contributions.
- Candidates will participate on a weekly basis as lead by collaborative group.
- Candidates will contribute new content and respond to ideas shared by others
- Content can include notes, reflections, links to appropriate websites, videos, and other media.
- Candidates will respond to email from faculty and program administrators in a timely manner. (24 hours or less)

Acknowledgement of Reporting CE Hours

I understand the required hours of participation each term to earn credit for the Clinical Experience course with CalStateTEACH. I further understand that I am responsible for reporting all hours of Clinical Experience completed at my assigned school site using the CalStateTEACH web-based system. I will report in a timely manner, at least once each week. These hours will be verified by my mentor teacher via email notification.

NOTE: Split Terms 1A/1B each requires 180 hours and 2A/2B each requires 225 hours.

Student Teaching Option Requirements: *Student Teachers record all the hours spent at clinical placement.*

University Intern Option Requirements: *University Interns record all the hours in which they have been supported by their mentor and other school site personnel and supervised by their CalStateTEACH faculty. They do not record the days they are teaching. They are expected to be at their school site in accordance with their contract.*

Private School Employed Teacher Option Requirements: *Private School Employed Teachers record all the hours in which they have been supported by their mentor and other school site personnel and supervised by their CalStateTEACH faculty. They are expected to be at their school site in accordance with their contract.*

Signature of Candidate _____

(Electronic signatures are allowed)

Changes in Rules and Policies

Although every effort has been made to assure the accuracy of the information in this handbook, students and others who use this handbook should note that laws, rules, and policies change from time to time and that these changes may alter the information contained in this publication. Changes may come in the form of statutes enacted by the Legislature, rules and policies adopted by the Board of Trustees of the California State University, by the Chancellor or designee of the California State University, or by the President or designee of the campus or by the CalStateTEACH Systemwide Director. It is not possible in a publication of this size to include all of the rules, policies and other information that pertain to students, the institution, and the California State University. More current or complete information may be obtained from the Regional Center or Host CSU campus.

Nothing in this handbook shall be construed as, operate as, or has the effect of an abridgment or a limitation of any rights, powers, or privileges of the Board of Trustees of the California State University, the Chancellor of the California State University, or the President of the campus or the CalStateTEACH Systemwide Director. The Trustees, the Chancellor, the President, and the CalStateTEACH Systemwide Director are authorized by law to adopt, amend, or repeal rules and policies that apply to students. This handbook does not constitute a contract or the terms and conditions of a contract between the student and the institution or the California State University. The relationship of the student to the institution is one governed by statute, rules, and policy adopted by the Legislature, the Trustees, the Chancellor, the President, the CalStateTEACH Systemwide Director, and their duly authorized designees.
